 jm—Mon., Thur. and Sat. ex. 2d day after hol.

SPECIAL NOTES

Mileage shown for each line is track distance and does not include termini.
 Space Authorization.—The units of space authorized are shown under the schedule for each space route.
 Unless otherwise stated, the authorization is for the train run and with the frequency shown in the schedule.
 3' closed pouch space is authorized in all trains on c. p. routes and c. p. trains on R. P. O. lines unless otherwise shown.
 Pouches.—Following each R. P. O. will be found lists of pouches made by that line and points at which they are dispatched. Accommodation pouches are not shown in schedule.
 Time.—All a. m. time commencing one minute after midnight is shown in light faced type—thus: 12.01. All p. m. time commencing one minute after noon is shown in heavy faced type—thus: 12.01. 12.00 (heavy face) is midnight, 12.00 (light face) is noon. Careful attention must be paid to this explanation.
 All lines in this division are standard gauge unless otherwise shown, and are run by Central time.
 All R. P. O. trains are Class "A" unless otherwise specified.
 States and cities distributed—gs, general scheme, spt, standpoint scheme.
 Frequency of Issues.—January, March, May, July, September and November.
 Changes and Errors.—Section 1521. Railway Postal Clerks shall notify their Division Superintendent or Chief Clerk of all changes in schedule or running of trains upon their respective lines, or of errors in published schedules and Postal Guides.
TYPE FACES
 The numbers of trains on which R. P. O. service is performed are indicated by heavy-faced type. All other trains are indicated by light faced type. Offices shown in italics are not located on that line.

INDEX

Wyoming		Council Bluffs, Iowa.	Council Bluffs, Iowa.
	Houston, Tex.	Denver, Colo.	Denver, Colo.

1. Special handling and special delivery parcel post should not be sent to Terminal R. P. O. and must be given the same dispatch as first class mail. Direct sacks should be made up where there are two or more parcels the size of ordinary shoe box or larger addressed to the same post office. When not sufficient quantity to make up direct State sacks should be made up for distribution in R. P. O. trains.

2. When practicable directs should be made of bulky and fragile parcel post and of circular mail at office of origin for offices in a State any part of which is within the first or second zone, residue to be dispatched to designated terminal if no material delay or back haul results.

3. (a) Circulars and parcel post from a local office for offices in same State must not be sent to a terminal R. P. O. but should be distributed to directs and lines except where unusual conditions obtain or special instructions govern.

(b) Distribution of circulars and parcel post from local offices for other States any part of which is within the first or second zone and for which other mails are distributed will be made on lines receiving them if distribution can be made without interfering with other duties and material delay or back haul would result through dispatch to a terminal.

(c) Parcel post received from local offices for States beyond the second zone shall not be distributed with other classes of mail except that when direct sacks are made for post offices, papers and parcels may be combined where the parcels are not fragile. Parcel post not made up into directs shall be massed upon the proper terminal except special handling and special delivery matter or that which is liable to damage other parcels, which shall be treated as present rules governing.

4. "Mixed" sacks of parcel post properly labeled to show contents and address of terminal R. P. O. may be made for any terminal when the number of pieces or packages does not warrant separate State sacks. These "mixed" sacks must contain only mail due to the terminal addressed, according to this scheme.

5. Sacks equipped with locking device should be used when contents are exclusively parcels or mixed parcels and papers, and be securely locked before dispatch.

6. Label sacks to the proper terminal and designate contents as follows:
 Little Rock, Ark. Term. R. P. O. St. Paul, Minn. Term. R. P. O.
 ARK. CIRCULARS From MINN. PARCEL POST

From From

Do not dispatch a sack labeled simply "MINNESOTA P. P. From"

7. R. P. O. lines of one division when traveling thru or terminating in another division will make the same dispatch for circular, ordinary paper and parcel post mail as is made by the division which they are in.
