NOTES

Chief clerks and clerks will notify this office of schedule changes on their lines, and of any errors in schedule of trains, space authorizations, or lists of pouches. (See Sec. 1521 P. L. and R.)

Assignment of Lines—The district number at the right, following the route number under each table shows the assignment of the line to chief clerks.

Distribution—Where R. P. O. trains make distribution of states other than the local states, a list of mails worked is shown below the junction table.

Pouches—On C.P. lines the initial, terminal and principal junction offices usually pouch to all offices on the line. Closed pouches made by the larger post-offices appear in back of this schedule.

Space Authorization—With schedule for each railroad route, a note is shown indicating the units of space authorized. R. P. O. and apartment car space is shown in heavy-faced type, thus: 60', 15'. Storage and closed pouch units are shown in light-faced type, thus: 60', 3'. Unless otherwise specified the authorization is for the train run and with same frequency as train. Dead-head return movements of space authorizations are indicated by the letters DH. The authorization for all C. P. lines, and C. P. trains on R. P. O. lines, is 3' unless otherwise shown.

SPACE EQUIVALENTS
Two outside parcels equal one sack

1 to 56 sacks—3'	281 to 336 sacks—18'
57 to 112 sacks—6'	337 to 392 sacks—21'
113 to 168 sacks—9'	393 to 448 sacks—24'
169 to 224 sacks—12'	449 to 504 sacks—27'
225 to 280 sacks—15'	505 to 560 sacks—30'

Time—All A. M. time, commencing at one minute after midnight, is shown in light-faced type, thus—12 01. All P. M. time, commencing one minute after noon, is shown in heavy-faced type, thus—12 01. 12 00 (light-faced) is noon. 12 00 (heavy-faced) is midnight. Careful attention must be paid to this explanation.

All trains are run by Central Standard Time unless otherwise specified.

Train Numbers—All trains shown carry mail. The numbers of trains in which R. P. O. service is performed are indicated by heavy-faced figures, thus—8. Numbers of all other trains are shown in light-faced type thus—8.

Letters Indicating Frequency—When applied to trains, these letters refer to day of departure. When applied to pouches dispatched by R. P. O. lines, they refer to day of departure of train from initial point or from division terminal if operated over two or more divisions. When applied to pouches dispatched by post offices they refer to day pouch is dispatched as shown by the closing time.
