**Parcel Post
*Ordinary Papers

NOTES

1. Special delivery, special handling and perishable parcel post must not be sent to Terminal R. P. O.s.
2. When practicable directs should be made of parcel post and of circular mail at office of origin for offices in a State any part of which is within the first or second zones, residue to be dispatched to designated terminal if no material delay or back haul results.
3. (a) Circulars and parcel post from a local office for offices in same State must not be sent to a terminal R. P. O. but should be distributed to directs and lines except where unusual conditions obtain or special instructions govern.
(b) Distribution of circulars and parcel post from local offices for other States any part of which is within the first or second zones and for which other mails are distributed will be made on lines receiving them if distribution can be made without interfering with other duties and material delay or back haul would result through dispatch to a terminal.
(c) Parcel post received from local offices for States beyond the second zone shall not be distributed with other classes of mail except that when direct sacks are made for post offices, papers and parcels may be combined where the parcels

are not fragile. Parcel post not made up into directs shall be massed upon the proper terminal except special handling and special delivery matter or that which is liable to damage other parcels, which shall be treated as per present rules governing.

4. "Mixed" sacks of parcel post properly labeled to show contents and address of terminal R. P. O. may be made for any terminal when the number of pieces or packages does not warrant separate State sacks. These "mixed" sacks must contain only mail due to the terminal addressed, according to this scheme.

5. Sacks equipped with locking devices should be used when contents are exclusively parcels or mixed parcels and papers, and be securely locked before dispatch.

6. R. P. O. lines of one division when traveling thru or terminating in another division will make the same dispatch of circular, ordinary papers and parcel post mails as is made by the division which they are in.

7. Label sacks to the proper terminal and designate contents as follows
 Little Rock, Ark. Term. R. P. O. St. Paul, Minn. Term. R. P. O.
 ARK. CIRCULARS MINN. PARCEL POST

From From
 Do not dispatch a sack labeled simply "MINNESOTA P. P. From....."

MAILS FOR WEST INDIES AND MEXICO
