LIST OF CLOSED POUCH MAILS

Forwarded from Principal Post Offices and Transfer
Offices by other than R. P. O. Trains

The time shown opposite the Post Offices at heading of pouch lists is the minimum time required to connect made up mails through that office. Where no time is specified, 1 hr. should be allowed for connection.

The hours during which the Post Office is open for receipt and dispatch of mails is shown in *italics* under the heading of the pouch lists.

A * prefixed to the Post Office at heading of pouch list, indicates that Post Office is open continuously.

The closing time of pouches at Post Office is shown. Postmasters should promptly notify this office of any changes in the information shown in the following pouch lists for their respective offices.

For Air Mail pouches made by post offices on Air Mail Routes and by Air Mail Fields see Air Mail tables on pages 7 to 19.

EXPLANATION—The small capitals to the left of time in this table indicate the days in transit between New York, San Francisco, etc., as follows: S—Sunday, M—Monday, Tu—Tuesday, W—Wednesday, T—Thursday, F—Friday, Sa—Saturday. The reference letter suffixed to train number indicates the frequency of service. Small black-face figures to the right of train numbers are symbols indicating connections. Connections westward are toward the center table east of Chicago, and away from it west of Chicago. Connections eastward are toward the center table west of Chicago, and away from it east of Chicago. By use of the symbol, time of arrival at any desired destination shown in these tables may be readily ascertained by looking in the column of that of departure time. # Affixed to a symbol number indicates an advance dispatch for the same symbol without prefix. Where two symbols appear in one column they signify that both connections indicated by the symbols are made by that train.
