The "gateways" referred to are Atlanta, Birmingham, Bristol, Charleston, Charlotte, Chattanooga, Jacksonville, Knoxville, Memphis and Nashville.

NOTES

1. Special Delivery, special handling and perishable parcel post and time value circulars, such as market reports, stock quotations, price change announcements, etc., must not be sent to Terminal R. P. O.'s, except where unusual conditions obtain or special instructions govern.

2. When practicable directs should be made of parcel post and of circular mail at office of origin for offices in a state, any part of which is within the first or second zones, residue to be dispatched to designated Terminal if no material delay or back haul results.

3. (a) Circulars and parcel post from a local office for offices in same state must not be sent to a Terminal R. P. O. but should be distributed to directs and lines except where unusual conditions obtain or special instructions govern.

(b) Distribution of circulars and parcel post from local offices for other states any part of which is within the first or second zones and for which other mails are distributed, will be made on lines receiving them, if distribution can be made without interfering with other duties and material delay or back haul would result through dispatch to a Terminal.

STATES DISPATCH LIST—(Continued)

(c) Parcel post received from local offices for states beyond the second zone shall not be distributed with other classes of mail except that when direct sacks are made for post offices papers and parcels may be combined where the parcels are not fragile. Parcel post not made up into directs shall be forwarded as indicated in State Dispatch List (See Note 1.)

4. "Mixed" sacks of parcel post properly labeled to show contents and address of Terminal R. P. O., may be made for any Terminal when the number of pieces or packages does not warrant separate state sacks. These "mixed" sacks must contain only mail due to the Terminal addressed, according to this scheme.

5. Sacks equipped with locking devices should be used when any part of the contents are parcels and be securely locked before dispatch.

6. R. P. O. lines of one division when traveling through or terminating in another division, will make the same dispatch of circular, ordinary papers and parcel post mails as is made by the division in which they are operating.

7. Label sacks to the proper Terminal and designate contents as follows

STATES DISPATCH SCHEME, ATLANTA, GA. STANDPOINT

This scheme is for the dispatch of first-class, newspapers, special delivery and special handling mails and direct sacks of circulars, parcel post and ordinary papers. State sacks of circulars, parcel post and ordinary paper should be dispatched according to the instructions in the State Dispatch List on page 106.
