LIST OF CLOSED POUCH MAILS

Forwarded from Principal Post Offices and Transfer Offices by other than R.P.O. Trains

The time shown opposite the Post Offices at heading of pouch lists is the minimum time required to connect made-up mails between trains through that office. Where no time is specified, 1 hour should be allowed for the connection. The hours during which the Post Office is open for receipt and dispatch of mails is shown under the heading of the pouch lists.

A †, prefixed to the Post Office at heading of pouch list indicates that office is open all night for receipt and dispatch of mails.

The frequency and closing time of pouches at post office is shown.

Postmasters should promptly notify this office of any changes in the information shown in the following pouch lists for their respective offices.

For Air Mail pouches made by Post Offices on Air Mail Routes and by Air Mail Fields see Air Mail tables on pages 142 to 163.
