NOTES

Forgoing shows dispatch of circular, parcel post and ordinary paper mail authorized by the Department. On account of wide scope embraced in this division it was necessary for Chief Clerks to issue special instructions for dispatch of some states, which instructions will continue to be observed. Chicago, Ill.; Council Bluffs, Iowa; Evansville, Ind.; Kansas City, Mo.; Memphis, Tenn.; St. Louis, Mo.; St. Paul, Minn.; and Sioux City, Iowa.

1. Perishable parcel post, special delivery and special handling parcel post and time value circulars, such as market reports, stock quotations, price change announcements, etc., must not be sent to Terminal RPOs except where unusual conditions obtain or special instructions govern.

2. Local post offices will, when quantity warrants, make direct of parcel post and of circular mail for offices in a state, any part of which is within the first or second zones, residue to be dispatched to designated terminal RPO or P. O., if no material delay or back haul results.

3. Except where unusual conditions obtain or special instructions govern, distribution of circulars and parcel post from local offices for a state, local, or any part of which is within the first or second zones and for which other mails are distributed, will be made on lines receiving them, if material delay or back haul would result through dispatch to a terminal RPO or P. O.

4. Parcel Post received from local offices for states beyond the second zone shall not be distributed with other classes of mail except that when direct sacks are made for post offices, unless otherwise instructed, papers and parcels may be combined where the parcels are not fragile. Parcel post not made up into directs shall be forwarded as indicated in State Dispatch List. (See Note 1.)

5. "Mixed" sacks of parcel post properly labeled to show contents and address of Terminal RPO or P. O., may be made when the number of pieces or packages does not warrant separate state sacks. Unless otherwise instructed these "mixed" sacks must obtain only mail due to the Terminal RPO or P. O. addressed, according to this scheme.

6. Sacks equipped with locking devices should be used when any part of the contents are parcels, and securely locked before dispatch.

7. RPO lines of one division when traveling through or terminating in another division will make the same dispatch of circular, ordinary papers and parcel post mails as is made by the division in which they are operating.

8. Label sacks to the proper Terminal RPO or P. O. and designate contents as follows:

Chicago, Ill., Term. IOWA CIRCULARS From	Chicago, Ill., Dis. ILL. PARCELS From
--	---

Scheme of States—Chicago, Ill. Standpoint.

This scheme is for the dispatch of first-class, newspapers, special delivery and special handling mails, and direct sacks of circulars, parcel post and ordinary papers. State sacks of circulars, parcel post and ordinary papers should be dispatched according to the instructions in the State Dispatch List shown on pages 138 and 139. States not listed should be distributed by General or Standpoint Scheme.
