NOTES

1. Dist. Supts. will notify of any schedule or other changes in their districts, and of any errors in schedules of trains, HPOs or star routes, space authorizations, mails worked, etc., under their supervision. Clerks will advise their Dist. Supt. of any errors detected in schedules, (See Sec. 107.17 P. L. & R.)

2. ASSIGNMENT OF LINES: The district number following the route number under each title shows the assignment of lines to districts.

3. DISTRIBUTION: Where RPO trains or HPOs make distribution of cities or states, other than local states a list under a heading "Mails Worked" is shown below the timetable. All distribution is by general scheme unless otherwise shown.

4. POUCHES: On CP and SR lines the initial terminal and principal offices usually pouch to all offices on the line. Closed pouches made by such post offices as are essential to correct distribution of mails appear in the back of this schedule. Star route trips included in CP, HPO and RPO tables serve the same function as CP trains for supply of local post offices between the points shown.

Accommodation pouches (pouches which go forward from point of dispatch in RPO trains) and local pouches (for city, dis., or stations) are not listed in this schedule.

5. SPACE AUTHORIZATION: The authorized RPO units of distributing space are shown in heavy faced type (thus, 60', 15'), following the classification of runs at the foot of each time table involved. Unless otherwise specified, the authorization is for the train run and with the same frequency as the train. Closed pouch and storage space authorizations of 15' or more are shown.

6. SPACE EQUIVALENT TABLE (Effective April 1, 1950): (1½ outside parcels equal ONE sack, except baby chicks. EACH box of baby chicks equals ONE sack.)

7. TIME: All AM time commencing at one minute after midnight is shown in light faced type (thus: 12 01). All PM time commencing one minute after noon is shown in heavy faced type (thus: 12 01). 12 00 (light face) is noon. 12 00 (heavy face) is midnight. All trains and other trips run by Central Standard Time unless otherwise indicated.

8. TRAIN or TRIP NUMBERS: All trains and trips shown carry mail. The numbers of trains or trips, on which RPO or HPO service is performed are indicated by heavy faced figures (thus: 8). All other trains or trips are indicated by light faced figures (thus: 8).

9. STAR ROUTES: Important star routes are shown in this schedule. Where a star route parallels an RPO or CP line or HPO route, in whole or in part and supplies offices thereon the schedule of the star route, if not shown as a separate table, appears in a table as indicated in "Index."

When a star route is included in an RPO, HPO or CP table, the trip numbers are prefixed with an asterisk (*).

10. LETTERS INDICATING FREQUENCY: When applied to trains or trips these letters refer to the day of departure.
