List of Closed Pouch Mails

Forwarded from Principal Post Offices and Transfer Offices by other than R.P.O. trains

The time shown opposite the Post Office or Transfer Office at heading of pouch lists is the minimum time required to connect made-up mails between trains or trips, through that office. Where no time is specified, 1 hour should be allowed for the connection. The hours during which the Post Office or Transfer Office is open for receipt and dispatch of mails is shown in italics under the heading of the pouch lists. A *†* prefixed to the Post Office at heading of pouch lists indicates that office is open all night for receipt and dispatch of mails.

The frequency and closing time of pouches at post office or transfer office is shown.

Postmasters should promptly notify the General Superintendent, Postal Transportation Service, of any changes in the information shown in the following pouch lists for their respective offices.

For air mail pouches made by air mail fields see pages 150 to 151.

NOTES

1. Perishable special delivery and special handling parcel post, time value circulars, such as market reports, stock quotations, price change announcements, etc., must not be dispatched to Terminals, or other distributing units, listed in the preceding table, except where unusual conditions obtain or special instructions govern.

Foregoing shows dispatch of circular, parcel post and ordinary paper mail authorized by the Department. On account of wide scope embraced in this division it was necessary for Dist. Supts. to issue special instructions for dispatch of some states, which instructions will continue to be observed.

Gateways used in the foregoing table are: Chicago, Ill.; Council Bluffs, Iowa; Evansville, Ind.; Kansas City, Mo.; Memphis, Tenn.; St. Louis, Mo.; St. Paul, Minn.; and Sioux City, Iowa.

2. Local post offices will, when quantity warrants, make direct of parcel post and of circular mail for offices in a state, any part of which is within the first or second zones, residue to be dispatched to designated Terminal or P. O., if no material delay or back haul results.

3. Except where unusual conditions obtain or special instructions govern, distribution of circulars and parcel post from local offices for a state, local, or any part of which is within the first or second zone and for which other mails are distributed, will be made on lines receiving them, if material delay or back haul would result through dispatch to a Terminal or P. O.

4. Parcel post received from local offices for states beyond the second zone shall not be distributed with other classes of mail except that when direct sacks are made for post offices, unless otherwise instructed, papers and parcels may be combined where the parcels are not fragile. Parcel post not made up into directs shall be forwarded as indicated in State Dispatch List. (See Note 1.)

5. "Mixed" sacks of parcel post properly labeled to show contents and address of Terminal or P. O., may be made when the number of pieces or packages does not warrant separate state sacks. Unless otherwise instructed these "mixed" sacks must contain only mail due to the Terminal or P. O. addressed, according to this scheme.

6. Sacks equipped with locking devices should be used when any part of the contents are parcels, and securely locked before dispatch.

7. RPO lines of one division when traveling through or terminating in another division will make the same dispatch of circular, ordinary papers and parcel post mails as is made by the division in which they are operating.

8. Label sacks to the proper Terminal or P. O. and designate contents as follows:

Chicago, Ill., Term. | Chicago, Ill., Dis.
IOWA CIRCULARS | ILL. PARCELS

From | From
*Ex. Flats, Directs should be given same dispatch as shown for Ordinary Papers.

Scheme of States—and Canada
Chicago, Ill. Standpoint

This scheme is for the dispatch of first-class, newspapers, special delivery and special handling mails, and direct sacks of circulars, parcel post and ordinary papers. State sacks of circulars, parcel post and ordinary papers should be dispatched according to the instructions in the State Dispatch List for Circulars, Parcel Post and Ordinary Papers shown on preceding pages.

States not listed should be distributed by General or Standpoint Scheme.
