MONON ROUTE

DEARBORN STATION

CHICAGO TERMINAL "MONON ROUTE."

THIS magnificent Railway Station, just completed at a cost of over \$500,000, occupies the entire block bounded by Third and Fourth Avenues, Polk and Taylor Streets, at the head of Dearborn Street, one of the principal thoroughfares of the city, and is within ten minutes walking distance of the leading Hotels, Theatres and Business Houses. A first-class Restaurant is one of the features of the new station.

**MOST CONVENIENTLY LOCATED AND ACCESSIBLE
RAILWAY STATION IN CHICAGO.**

THE FINEST RAILWAY STATION IN THE WEST.

MONON ROUTE

THE PULLMAN CAR LINE TO FRENCH LICK & WEST BADEN SPRINGS

THESE CELEBRATED SPRINGS ARE LOCATED IN

Orange County, Indiana, 62 miles northwest from Louisville, on the
Monon Route.

FRENCH LICK SPRINGS HOTEL.

The French Lick Springs issue in a beautiful valley surrounded by a beautiful undulated, picturesque region. The water of the Springs flows from rock-lined apertures and is enclosed by stone casements. Its temperature is uniformly 55° summer and winter. The new hotel, containing two hundred rooms, with new furniture, carpets, etc., is now complete and ready for the accommodation of guests. The old hotel has been thoroughly rebuilt and refurnished, together giving ample capacity for the accommodation of five hundred guests. A large Club House, Billiard Hall and Ten-Pin Alley are connected with the house.

WEST BADEN SPRINGS HOTEL.

The West Baden Springs property contains nearly seven hundred acres of meadow, pasture, grain and garden. The hotel is situated upon a high mound in the midst of a beautiful grove and consists of a large central building with two wings, each one hundred feet long and containing dining-room, newly refitted and refurnished, ball-room, two parlors and a reception room, and can accommodate three hundred guests. The Springs proper are situated in a beautiful valley, surrounded by majestic hills. Circular basins, carved out of the native whetstone rock peculiar to this region, encase the Springs, thereby retaining the natural gases in the water, which add greatly to their efficacy and flavor.
