

INFORMATION

The Purpose of This Folder is to place in the hands of passengers and ticket agents, in convenient form, condensed service via all lines to principal destinations eastward from Chicago.

Only through service is shown where it is reasonable and adequate, in order to give the passenger the benefit of the most direct means of reaching destination and to avoid confusion by including service via indirect routes. Connecting service is given where no through service exists or where through service is inadequate.

These Railroads are in the possession and control of the Government of the United States, and are being operated by the Director General of Railroads through the United States Railroad Administration.

Not Responsible. Lines mentioned herein will not be responsible for errors in these time tables, inconvenience or damage resulting from delayed trains, or failure to make connections. Schedules herein are subject to change without notice.

Equipment. "Sleeper," "Tourist Sleeper," "Parlor Car," "Diner," "Chair Car," "Coach," "No Coach" shows the character of service provided, but not the number of cars on train.

Sleepers run through to destination unless otherwise indicated.

Where train leaves at a late hour of the night sleepers are usually ready for occupancy about 10.00 P. M.

Sleepers must be vacated on arrival at destination unless otherwise indicated.

"Chair Car" indicates a free reclining chair car in which coach tickets are honored.

Train Time set in *Italics* denotes change of cars.

Buy Tickets before boarding trains and avoid payment of extra charge.

Children under five years of age free, when accompanied by parent or guardian; five years of age and under twelve, one-half fare; twelve years of age or over, full fare.

Adjustment of Fares. In cases of dispute with Conductors or Agents, pay the fare required, take receipt and communicate with General Passenger Agent of the line from which ticket was purchased.

Redemption of Tickets. Tickets unused, or partly used, will be redeemed under tariff regulations at proper value.

Baggage Maximums. No single piece of baggage exceeding 250 pounds in weight, or 72 inches in greatest dimension, or single shipment exceeding \$2,500 in value will be checked. Free allowances are subject to tariff stipulations as to contents, weight, value and size.

Liability Limited. Excess value of baggage to be declared and paid for at time of checking.

Bicycles (not Motorcycles), baby carriages, dogs and guns are transported in baggage cars subject to tariff regulations.

Unchecked Articles. No responsibility is assumed for unchecked articles left in stations or cars.

Criticism and Commendation of the Railway Service and Suggestions for Its Improvement

Are Invited by
The United States Railroad Administration
from the Public

The Railroad Administration is being conducted with these principles in view:—

Fidelity to the public interest, a square deal for labor, with not only an ungrudging, but a sincere and cordial recognition of its partnership in the railroad enterprise, and fair treatment for the owners of railroad property and for those with whom the railroads have business dealings.

Recognition of these principles should go far to promote mutual understanding.

Information and suggestions tending to further such an understanding, and improve service to the public are welcome. It is requested that all communications be brief and explicit and that where it is necessary to fix responsibility, the date, time, train number and name of the railroad and employe complained of or commended shall be given. All communications must bear the name and address of the writer, distinctly written.

Address:

Walker D. Hines, Director General of Railroads,
Bureau of Suggestions and Complaints,
Washington, D. C.

Information for Homeseekers

The United States Railroad Administration has established a Homeseekers' Bureau to furnish free information about opportunities in the several states to those who wish to engage in farming, stock raising and kindred pursuits.

If this appeals to YOU, write today, letting us know what kind of data you want and naming the State the advantages of which you desire to investigate.

Address the undersigned, or, if more convenient, communicate with the Agricultural Agent of any railroad in the territory in which you are interested. The information thus furnished can be depended upon as being reliable.

J. L. Edwards, Manager,
Room 209, Agricultural Section,
United States Railroad Administration,
Washington, D. C.
