## CLEAN-COMFORTABLE THE WHOLE YEAR AROUND

THE weather is practically made to order on the Baltimore & Ohio Air-Conditioned Trains—where it's warm in winter and cool in summer, regardless of the temperature outside. This Air-Conditioning System in summer removes dust and soot, cools the air and corrects unpleasant humidity; while in winter, a healthful and comfortable atmosphere is promoted by fresh air being constantly drawn into the cars and filtered to remove dirt and other impurities. This clean, fresh air is distributed evenly and without drafts—controlled by automatic ventilation, and a uniform temperature is maintained by thermostatically regulated heating. Windows, being for vision only, are closed to keep impurities from entering, thus adding greatly to quietness inside the cars. **No Extra Fare on Any Train.**

# A CENTURY of PROGRESS

PLAN NOW TO SEE

INTERNATIONAL EXPOSITION

*Chicago, June 1 to November 1, 1933*

**W**HAT promises to be the world's greatest drama of human enterprise and achievement is now in the making in Chicago, to commemorate "A Century of Progress."

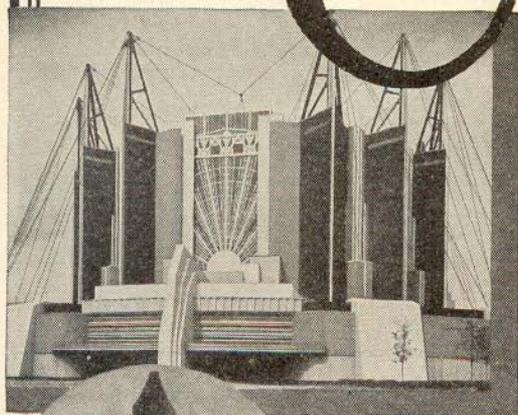

The World's Fair is designed to tell the complete story of scientific discoveries, inventions emanating from them, their use in manufacture, industry and commerce and their application to the promotion of the comfort, convenience and happiness of the human race.

Majestic buildings—giants of architectural beauty—house these graphic portrayals of the marvels of modern science as well as a multitude of other rare and interesting exhibits. Temples of the Orient, Abraham Lincoln's log cabin birthplace, pageants, scores of amusements, and thousands of other interesting places to visit and things to see will make the visitor's trip to the Chicago Exposition well worth while.

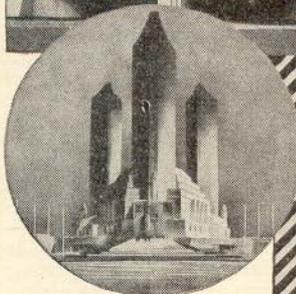

Plan now to make Chicago the hub of your travels for 1933. And when you go, please remember this very important fact—you can make your trip in perfect comfort on the famous Capitol Limited—the only completely air-conditioned train between the east and Chicago. No extra fare.

*A special folder fully descriptive of the Chicago Exposition has been issued by the Baltimore & Ohio, and a free copy may be obtained upon application to W. B. CALLOWAY, Passenger Traffic Manager, B. & O. R. R., Baltimore, Md.*

## See WASHINGTON

IT has been aptly said that no American's education is complete until he has seen his National Capital. Washington is beautiful and inspiring. It's many public buildings and memorials set amid parks and circles are of imposing dignity and beauty. The museums and art galleries contain rare treasures; prized historical collections; sacred mementos and documents that are priceless and irreplaceable.

You can spend weeks here, visiting one place after another, attracted by a great variety of interesting things that claim attention at every turn in the Capitol, White House, National Library, Treasury, Lincoln Memorial and other notable and historic spots. Close by is the hallowed ground of Arlington and the home of George Washington at Mt. Vernon. Even if time permits but a day or just a few hours to spend in Washington, you will be well repaid for the visit.

The Baltimore & Ohio Railroad offers a convenient means of visiting Washington because it is the only route between the East and West passing directly through the Capital City, where liberal stop-over is accorded without extra cost. You will also enjoy your trip over this railroad because of the scenic route and the comforts of its service with modern trains, exceptional dining-car service and the marked courtesy of its employees.

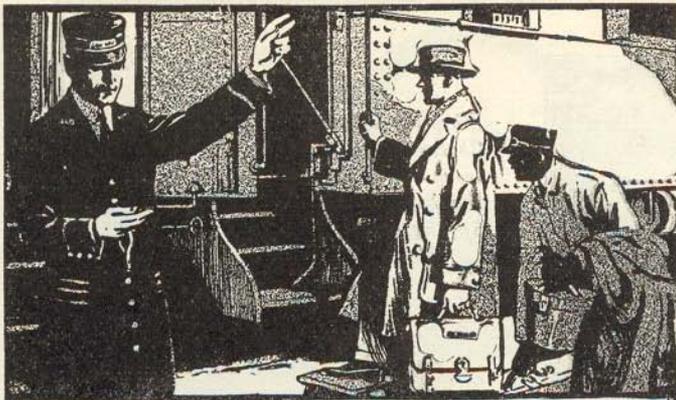

*In the meantime you can learn much about your National Capital from a new "Guide to Washington" now being distributed by the Baltimore & Ohio Railroad. A free copy may be obtained by writing W. B. Calloway, Passenger Traffic Manager, B. & O. R. R., Baltimore, Md., or by applying to any Baltimore & Ohio passenger representative as listed in this folder.*

## The CONVENIENT WAY TO ENTER OR LEAVE NEW YORK

**W**HEN you use the BALTIMORE & OHIO Railroad in going to or from New York, you have the outstanding advantage of modern motor coach service *directly* between train-side and the heart of Manhattan and Brooklyn, *without extra cost*.

Upon arriving at Jersey City, you step right from the train into a comfortable motor coach which conveys you quickly via the scenic open-air route to any of the four conveniently located B & O Motor Coach Stations in Greater New York, with other stops en route—all convenient to subway and elevated lines, hotel and business districts.

You are relieved of handling or care of hand-baggage—it is checked on the train and delivered to you when you leave the coach. This same convenient, time and expense saving method is afforded passengers leaving New York, and when you board the coach you have made your train.

Modern and Completely Equipped B. & O. R. R. Motor Coach Stations in Greater New York are located at—Chanin Bldg., 42nd St. and Lexington Ave., (opposite Grand Central Station and Commodore Hotel); at Columbus Circle and Central Park West; at 35 West 33rd St.; and at 191 Joralemon St., (Central Bldg.) Brooklyn.

#### SUGGESTIONS TO AID IN READING THIS TIME TABLE

Locate your point of origin and destination in the Station Index, which gives the Table numbers under which such points will be found. A study of the map of the Baltimore and Ohio Railroad System contained in the center of this folder will give a better idea of the geography of the railroad lines and prove a further aid in reading the time-tables.

The majority of the time-tables show the westward schedules under one table and the eastward schedules under another, but in some instances the stations are placed in the middle of the table and the schedule westward or eastward, as the case may be, is followed by reading the figures down on the left and up on the right.

Time from 12.01 midnight to 12.00 noon is shown by LIGHT face figures, and time from 12.01 noon to 12.00 midnight by DARK face figures.

Schedules of through trains, mostly in condensed form, are carried in the forepart of the folder, and all local service, including through trains, follow, the order of arrangement being from East to West.

Accompanying the time-table of through and semi-through trains is a statement of accommodations provided, such as sleeping cars, diners, coaches, etc., between the various points. Likewise, particular notice should be given to the various symbols carried at the head of and in the columns of the time-table figures as they indicate exceptions and are usually explained at the bottom of the page on which the schedule appears. Branch line service is indicated by *italic type*.

## *Individual Seat Coaches*

**T**O PROMOTE THE MAXIMUM OF COMFORT for coach travelers, the Baltimore & Ohio now has in service on practically all of its main line trains this new type Individual Seat Coach. Beautiful in appointments and more comfortable than the standard coach, these cars are distinctive for a number of exclusive features.

The deep cushioned seats of these cars are upholstered in rich, handsome color schemes. The seats are of the individual type with arm-rest between each pair and as comfortable as your own easy chair. The arm-rest is demountable where no separation is desired.

The coaches are also equipped with double windows (similar to those in Pullman cars) set in rubber to exclude dust and especially arranged for easy lifting. In each window is an individual ventilator that can be readily opened or closed to suit one's preference. Overhead racks furnish ample room for hand-luggage.

An even temperature is maintained by thermostatic control of the vapor heating system, while exhaust ventilators and overhead 2-speed diffusion fans keep the cars supplied with fresh air.

Filtered drinking water and free paper cups are provided. In each car end is a lavatory and toilet of sanitary and roomy design. The lavatory is equipped with white porcelain wash bowl, liquid soap, free paper towels and large mirror.

The Individual Seat Coaches are of all-steel construction, the car under-frames and 6-wheel trucks being insulated with thick pads of rubber wherever metal touches metal. This rubber insulation by reducing vibration and jolts, plus the easy riding qualities of 6-wheel trucks, insures a greater travel comfort. Although built by the Pullman Company, these cars were actually designed by the Baltimore and Ohio to afford its coach passengers the utmost in comfort and convenience, *without extra cost.*

## SPEND A DAY IN SPRINGFIELD, ILL.

ONLY 4 Hours From Chicago

ONLY 2½ Hours From St. Louis

## VISIT LINCOLN'S TOMB AND HOME

At the dying bedside of the martyred Abraham Lincoln, E. M. Stanton, his great Secretary of War, tearfully eulogized, "Now he belongs to the ages."

As an example of Americanism, for ages to witness, is Lincoln's Tomb at Springfield, Illinois . . . a fitting memorial to The Saviour of the Nation.

Here, also, may be seen his home where he lived until elected President.

To visit Springfield is to live again the pages of History.

Thousands travel miles out of their paths to visit this city. Being directly on the Alton Line, travelers are urged to stop over and visit the tomb and home of the Immortal President.

## GENERAL INFORMATION—Concluded.

**Baggage:** No single piece of baggage exceeding 250 pounds in weight or 72 inches in greatest dimension, or any single shipment exceeding \$2,500 in value, will be accepted or checked in regular baggage service. Free allowances subject to tariff stipulations as to contents, weight, value and size.

**Baggage Liability Limited:** Excess value must be declared and paid for at time of checking.

**Lost Articles:** Inquire of J. P. Dugan, General Baggage and Milk Agent, Baltimore, Md.

**No Responsibility** will be assumed for unchecked articles left in stations or cars.

**Special baggage delivery service** is operated between the larger cities on The Baltimore and Ohio Railroad; also between Baltimore and Ohio points and large cities on other lines, under which baggage will be called for at residence, hotel or business house and checked direct to residence, hotel or business house at destination.

This service can be arranged for either at City Ticket Office at the time tickets are purchased, or through the authorized transfer companies.

## NEW YORK BAGGAGE ARRANGEMENTS.

**Outbound:** Hand baggage is checked and handled in motor coach with passengers from any New York motor coach station or coach stop and delivered to seat or berth in the train at Jersey City without charge.

Hand baggage which passengers do not desire to accompany them on the motor coach or in seat or berth in trains, and trunks or similar baggage may be checked in regular baggage car service from any Baltimore and Ohio motor coach station, viz.: 42nd Street, opposite Grand Central Terminal, 33rd Street Station, Columbus Circle Station, 191 Joralemon Street, Brooklyn, or from 23rd Street Ferry Station, Liberty Street Ferry Station, or Jersey City Terminal to station at destination. Where time will permit, baggage so checked will be forwarded on same train with passenger, otherwise on first available train.

**Inbound:** Hand baggage carried by passenger on train will be checked by Baggage Representative before arrival at Jersey City. It will be handled on same motor coach with passenger and delivery made at any motor coach station or coach stop in New York or Brooklyn.

Passengers may also check in regular baggage car service hand baggage and trunks, or similar pieces, to any motor coach station, viz.: 42nd Street, opposite Grand Central Terminal; 33rd Street Station; Columbus Circle Station; 191 Joralemon Street, Brooklyn, or to 23rd Street Ferry Station, Liberty Street Ferry Station or Jersey City Terminal.

In addition a convenient parcel checking service is also operated at all of the stations named for which claim checks will be issued to passengers and baggage sent to or held at station desired until called for.

The checking of baggage to the motor coach stations will permit a more convenient delivery for handling to hotels, apartment houses and residences located in the vicinity of these stations.

### SPECIAL PREPAID OR COLLECT DELIVERY SERVICE.

Baggage may also be checked prepaid or collect from or to residence, business address or hotel in New York or Brooklyn upon payment of the regular special delivery charge.

## THE NEW UNION PASSENGER TERMINAL CINCINNATI, OHIO

The NEW UNION PASSENGER TERMINAL at Cincinnati, Ohio, will be officially opened for traffic on March 31st, 1933. On and after this date, trains of all railroads entering Cincinnati, will use this station thus eliminating other passenger terminals now in use.

The new station stresses the monumental as well as the useful, and is indeed a glorious monument to Cincinnati and the railroads, as well as a great improvement and convenience to the traveling public.

Trains of the Baltimore & Ohio Railroad to and from New York, Philadelphia, Baltimore, Washington, Pittsburgh, Columbus, Cincinnati, Louisville, St. Louis, Dayton, Toledo, Detroit, Indianapolis, Decatur, Springfield and Chicago, will arrive at and depart from this terminal.

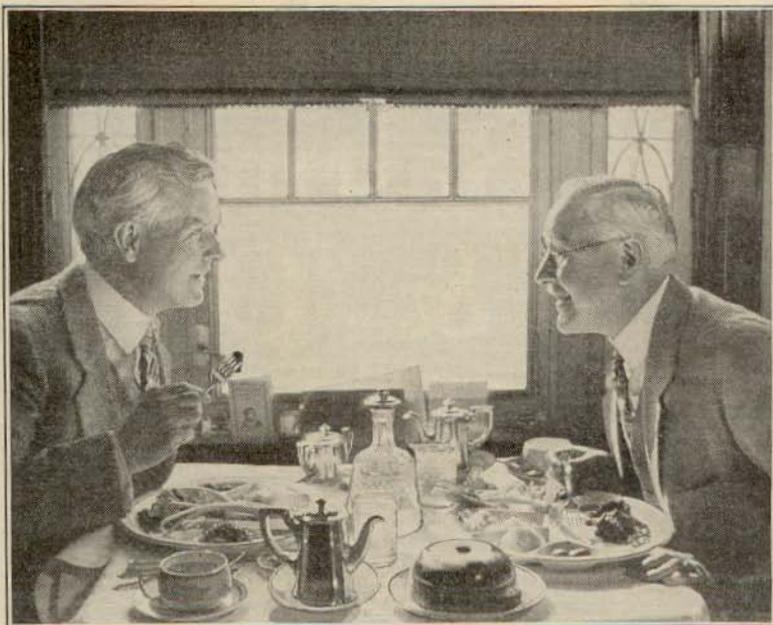

This huge project, besides being one of the most modern and attractive passenger stations in the country, is equipped with dining room and restaurant facilities, drug store, tea room, elaborate waiting rooms, hospital, barber shop, and picture theatre.

It has covered platforms serving sixteen tracks, extensive passenger coach yards, locomotive terminal, express building, mail handling building and is located at Freeman Ave. and Laurel St.
