## TRAVEL AND SHIP VIA NORTH SHORE LINE

**Saves Money** — All the travel comforts of the famous Electroliners and a fleet of 39 high-speed electric trains between Chicago and Milwaukee, gives a service that is unequalled . . . available to you at low coach fares—there are no extra costs.

**Speeds Freight** — North Shore Line gives shippers a carload freight service that can be relied upon for fast delivery and safe, sure, efficient handling of your merchandise. A fast package (emergency baggage) service for handling small packages on many passenger trains proves extremely profitable for merchants, business houses, advertising agencies, newspapers, dentists, florists and many other types of businesses.

**Saves Time** — With 10 North Shore Line stations in the heart of Chicago's downtown business, financial, shopping and entertainment district, there are no long, tiresome walks or rides to reach your destination. Three strategically located north side Chicago stations at Belmont Avenue, Wilson Avenue and Howard Street eliminate the necessity of traveling to or from a downtown terminal to board or alight from your train.

**In Milwaukee, too**—North Shore Line's downtown Milwaukee terminal, augmented by 4 additional stops at important intersections on the south side of this Wisconsin metropolis, prove of distinct advantage to business men and women shoppers.

★ A star at the top of a schedule column indicates that particular train is an **ELECTROLINER** . . . completely air-conditioned, electrically cooled during the warm summer months and electrically heated in cold weather . . . just the right temperature at all seasons of the year. From appli-

ances in the unique tavern-lounge cars to the giant motors that sweep these beautiful trains along with effortless ease and the electro-pneumatic brakes that gently slow them down to firm, silk-smooth stops, every operation on the **ELECTROLINERS** is performed by electricity.
