NOTES

1. Dist. Supts. will notify the Gen. Supt. of any schedule, or other changes in their districts, and of any errors in schedules of trains, HPO's, or star routes, space authorizations, mails worked, etc., under their supervision. Clerks will advise their Dist. Supt. of any errors detected in schedules. (See Sec. 107.17, P. L. & R.).

2. Assignment of Lines:—The District number following the route number under each title shows the assignment of lines to districts.

3. Distribution:—Where RPO trains or HPO's make distribution of cities or states other than local states a list under a heading—"Mails Worked" is shown below the time table. All distribution is by general scheme, unless otherwise shown.

4. Pouches:—On CP and SR lines the initial terminal and principal offices usually pouch to all offices on the line. Closed pouches made by such post offices as are essential to correct distribution of mails appear in the back of this schedule. Star route trips included in CP, HPO and RPO tables serve the same function as C. P. trains for supply of local post offices between the points shown.

Accommodation pouches (pouches which go forward from point of dispatch in RPO trains) and local pouches (for city, dis., or stations) are not listed in this schedule.

5. Space Authorizations:—The authorized RPO units of distributing space are shown in heavy faced type (thus 60', 15') following the classification of runs at the foot of each time table involved. Unless otherwise specified, the authorization is for the train run and with the same frequency as the train. Closed pouch and storage space authorizations of 15 feet or more are shown.

6. Space Equivalent Table (Effective April 1, 1952): One and three-fourths outside parcels equal ONE sack, except baby chicks. EACH box of baby chicks equals ONE sack.

TABLE

Parcels-Sacks	Parcels-Sacks	Parcels-Sacks	Parcels-Sacks	Sacks-Space
1=1	18-19=11	36=21	53-54=31	1-44=3'
2=3	20-21=12	37-38=22	55-56=32	45-88=6'
4=5	22=13	39-40=23	57=33	89-132=9'
6=7	23-24=14	41-42=24	58-59=34	133-176=12'
8=5	25-26=15	43=25	60-61=35	177-220=15'
9-10=6	27-28=16	44-45=26	62-63=36	221-264=18'
11-12=7	29=17	46-47=27	64=37	265-308=21'
13-14=8	30-31=18	48-49=28	65-66=38	309-352=24'
15=9	32-33=19	50=29	67-68=39	353-396=27'
16-17=10	34-35=20	51-52=30	69-70=40	397-440=30'

7. Time:—All A. M. time, commencing at one minute after midnight is shown in light-faced type—thus; (12:01). All P. M. time, commencing one minute after noon is shown in heavy-faced type—thus: (12:01). 12:00 (light-face) is noon 12:00 (heavy-face) is midnight. Careful attention must be paid to this explanation.

All trains and other trips run by Central Standard time on Nebraska lines and by Mountain Standard time on Colorado, New Mexico, South Dakota, Utah and Wyoming lines unless otherwise indicated.

8. Train or Trip Numbers:—All trains and trips shown carry mail. The numbers of trains, or trips on which RPO or HPO service is performed are indicated by heavy faced figures (thus 8). All other trains or trips are indicated by light faced figures (thus 8).

9. Star Routes:—Important star routes are shown in this schedule. Where a Star Route parallels an RPO or CP line or HPO route in whole or in part, and supplies offices thereon the schedule of the star route, if not shown as a separate table, appears in a table as indicated in "Index". When a star route is included in an RPO, HPO or CP table, the trip numbers are prefixed with an asterisk (\*).

10. Letters Indicating Frequency:—When applied to trains or trips these letters refer to the day of departure. When trains are operated as two divisions the letters refer to date of departure from the division terminal. When applied to pouches dispatched by RPO or HPO's trains these letters refer to day of departure of the train or HPO from initial or division point. When applied to pouches dispatched by Post Offices, they refer to the day that the pouch is actually dispatched as shown by closing time.

**LIST OF CLOSED POUCH MAILS**

**Forwarded From Principal Post Offices by other than R. P. O. Trains**

The time shown opposite the Post Office or Transfer Office at heading of pouch lists is the minimum time required to connect made-up mails between trains or trips, through the office. Where no time is specified 1 hr. should be allowed for the connection.

The hours during which the Post Office or Transfer Office is open for receipt and dispatch of mails, is shown in *italics* under the heading of the pouch lists.

A † prefixed to the name of the Post Office at heading of pouch list indicates that the office is open all night for receipt and dispatch of mails.

The frequency and closing time of pouches at Post Office is shown.

Postmasters should promptly notify the Gen. Supt. P. T. S. of any changes in the information shown in the following pouch lists for their respective offices.

For Air Mail pouches made by Air Mail Fields see pages 102 and 103.

For reference letter denoting frequency of dispatch, see page 5

**NOTES**

- Perishable, special delivery and special handling parcel post, time value circulars, such as market reports, stock quotations, price change announcements, etc., must not be dispatched to terminals or other distributing units listed in the preceding table except where unusual conditions obtain or special instructions govern.
- Local post offices will, when quantity warrants, make direct of parcel post and of circular mail for offices in a state, any part of which is within the first or second zones, residue to be dispatched to designated terminal or post office, if no material delay or back haul results.
- Except where unusual conditions obtain or special instructions govern, distribution of circulars and parcel post from local offices for a state, local, or any part of which is within the first or second zones and for which other mails are distributed, will be made on lines receiving them, if material delay or back haul would result through dispatch to a terminal or post office.
- Parcel post received from local offices for states beyond the second zone shall not be distributed with other classes of mail except that when direct sacks are made for post offices of 2nd, 3rd and 4th classes, unless otherwise instructed, papers and parcels may be combined where the parcels are not fragile. Parcel post not made up into direct shall be forwarded as indicated in State Dispatch List. (See Note 1).
- "Mixed" sacks of parcel post properly labeled to show contents and address of terminal or post office may be made when the number of pieces or packages does not warrant separate state sacks. Unless otherwise instructed these "mixed" sacks must contain only mail due to the terminal or post office addressed, according to this scheme, except that a few parcels for a state in the same general direction may be included.
- Sacks equipped with locking devices should be used when any part of the contents are parcels, and securely locked before dispatch.
- R. P. O. lines of one division when traveling through or terminating in another division, will make the same dispatch of circulars, ordinary papers and parcel post mails as is made by the division in which they are operating.
- Label sacks to the proper terminal or post office and designate contents as follows:

EXPLANATION—The small capitals to the left of time in this table indicate the days in transit between New York, San Francisco, etc. as follows: S—Sunday; M—Monday; Tu—Tuesday; W—Wednesday; Th—Thursday; F—Friday; Sa—Saturday. The reference letter suffixed to train number indicates the frequency of service.

AIR MAIL ROUTES

The following pouch lists do not include those pouches dispatched by air.

All local offices and air mail fields at initial and intermediate points on air mail routes make pouches with frequency of flight trips, either authorized or emergency, for all local offices and air mail fields on the route, and accommodation pouches for connection beyond as may be necessary, or connect mail for same through local offices or air mail fields on the route at which the trip is scheduled to stop.

Air Mail schedules are furnished in loose leaf form to all concerned.
