Save Money - Buy Round Trip or Commutation Tickets

Economy Passenger and Freight Service Safety

Do you know that you cannot operate your car for less than four cents per mile to take care of gasoline, oil repairs, tire and car depreciation. There is the liability of having an accident, the tremendous hazard of driving on the highway with light vehicles, and limited amount of parking to be taken into consideration.

STOP! LISTEN! The C. D. & M. Ry. is selling round trip tickets for two cents per mile, and books of 25 tickets at the rate of one and one-half cents per mile. Compare, and decide if you want to keep the line that delivers your daily papers in operation. **CONSULT AGENT ABOUT COMMUTATION TICKETS.**

Leave your car at home on trips where the C. D. & M. Ry. can serve you. During the past twenty years of operation the C. D. & M. Railway has a remarkable record of safety in delivering passengers to their destination.

The C. D. & M. Railway handles rush shipments on its freight and passenger trains whichever is the most convenient to expedite the service. Give us a trial on your next shipment.

We operate two freight trucks each way between Davenport (including the Tri-Cities) and Muscatine daily (except Sunday) to handle less carload freight between these points. We also operate two freight trains daily (except Sunday) between Davenport (including the Tri-Cities) and Clinton, handling both carload and less carload freight to all stations. We make pick-up and store-door delivery on less carload shipments in Davenport, (including the Tri-Cities) Clinton and Muscatine.

Attention: See opposite side of this folder for savings you can make by buying commutation or round trip tickets. More and more people all along the line are daily taking advantage of this low-cost service, as is shown by the fact that riding has nearly doubled since last year. Leave your car at home for such trips. Do not take a chance these winter months with dangerous highways.
