Brief Descriptions of Delightful Resorts reached by this Famous Pleasure Route.

WITH the opening of the Summer Season the Southern Pacific Company invites the attention of tourists and pleasure-seekers to the superior facilities afforded for reaching many of the principal Summer Resorts of California by the "Coast Division" of its line. As it is well known, this road runs through one of the richest and most fruitful sections of California, and is the only line traversing the entire length of the famous Santa Clara Valley, celebrated for its productiveness and the picturesque and park-like character of its scenery; as also the beautiful San Benito, Pajaro and Salinas Valleys, the most flourishing agricultural sections of the Pacific Coast. Along the entire route of the "Coast Division" the tourist meets with a succession of extensive farms, delightful suburban homes, beautiful gardens, innumerable orchards and vineyards, and luxuriant fields of grain—in fact a continuous panorama of enchanting Mountain, Valley and Coast Scenery is presented to the view.

The Company is also pleased to announce that in addition to the noted "Monterey and Santa Cruz Express," popularly known as the "Daisy Train," they have recently added a **new train** to their service between San Francisco and Monterey, which will be known as the "DEL MONTE LIMITED," and the *fastest train on the Pacific Coast*. This train is made up of magnificent coaches and fast and powerful locomotives, constructed for exclusive use on this route. The high position attained by this line, characteristic for its good road-bed, fast time, elegant cars, fine scenery and low rates, insures the traveler the best means of reaching the following well-known resorts with
