Porter service.

The Central of Georgia Railway Company operates over 1,786 miles of railroad in Georgia, Tennessee and Alabama and with its through connections serves all the important recreational, business, agricultural and industrial regions of the Midwest, South and Southeast.

TABLE OF CONTENTS AND INDEX TO STATIONS on page 4 will assist you in locating service to and from stations in this folder.

The time tables show the time at which trains may be expected to arrive and depart from stations and to connect with other trains, but departure or arrival or connection at time stated is not guaranteed. This Company reserves the right to vary from the time shown in this folder without notice. The time of connecting transportation companies is published from information available at the time this folder was printed, and every care taken to have it correct, but this Company assumes **NO RESPONSIBILITY** for errors in time tables, inconvenience or damage resulting from delayed trains.

Ticket Offices are open a sufficient time before the departure of trains to permit the purchase of tickets, and passengers are requested to do so before boarding the train; however some small station offices are closed on Saturday and Sunday and tickets should be purchased in advance at such points.

Standard Time is used throughout this folder, Central Time or Eastern Time as shown.

A.M. or P.M. . . . Time from 12.01 midnight to 12.00 noon is shown in light faced figures and time from 12.01 noon to and including 12.00 midnight in heavy faced figures.

Train Stops: Trains make regular stops at stations where time figures only are shown. When a symbol or letter appears in train column opposite station this indicates train only stops on certain conditions. Where trains make a conditional stop, advance notice should be given to agent or train conductor.

Redemption of Tickets: Tickets unused, or partly used will be redeemed under tariff regulations at proper value. Apply to Ticket Agent or mail direct to T. J. Peterson, Auditor of Revenue, Savannah, Ga.

Children under five years of age are carried free, when accompanied by parent or guardian; five years and under twelve, one half fare; twelve years of age or over, full fare.

BAGGAGE

Baggage Maxima: No single piece of baggage exceeding 300 pounds in weight, or 72 inches in greatest dimension or single shipment exceeding \$2,500.00 in value will be checked. Free allowances subject to tariff stipulations as to contents, weights, value and size.

Baggage Liability Limited: Excess value to be declared and paid for at time of checking.

Insure Your Baggage and Personal Effects, including jewelry, furs and other valuables. Policies on sale at important ticket offices. Charge for unauthorized articles in baggage. When passengers fail to disclose nature of articles offered for checking and it develops en route or at destination that the transportation of such articles as baggage is not authorized, collection will be made based on single excess baggage rate for gross weight of such articles, minimum charge thirty cents.

Bicycles (not motorcycles), Baby Carriages, Dogs, and Guns are transported in baggage cars subject to tariff regulations. Every effort will be made to facilitate the handling of baggage, but the railway cannot guarantee to forward baggage on the same train with the owner; nor can the time of arrival at destination to which checked be guaranteed. To facilitate prompt receipt of their baggage at destination passengers are advised, whenever it is possible to do so, to check it in advance in order that same be forwarded on a preceding train.

Lost Articles to be inquired for at offices of Division Superintendents, Savannah, Macon and Columbus, and at office of Superintendent Terminal Station, Atlanta.

No responsibility is assumed for unchecked articles left in stations or cars.

FARMING and the FUTURE . . .

“Railroading” on the Central of Georgia Railway not only serves the communities along its line with dependable transportation service for freight and passengers.

Forty-four years ago the Railway recognized the need of a more profitable agriculture and added an agricultural department with the responsibility of cooperating and assisting in the development of a more profitable program of diversification of

field crops, and of forests on lands best adapted.

The conservation of our soils, the restoration of that we have lost, and supplying the beneficial needs to insure agricultural prosperity, merits an aroused interest of landlords and tenants, as well as bankers, business and professional men, all of whom are wholly dependent upon agriculture for all food, feed, fiber and shelter.

501 Rhodes-Haverty Bldg., Atlanta 3, Ga.

Business is *good* in the Nation's Newest Market—the fast-growing Southeast. Here are 22 million people whose income is up over 305% since 1940, and an expanded industrial market created by the location of more than 17,000 new plants here since 1939.

Easily accessible to everywhere, this great new market is crisscrossed with fast, dependable transportation via Central of Georgia and Savannah & Atlanta Railways. Both of these "Roads to Profits" offer expeditious all-diesel service and maintain joint rates and routes to and from all markets through connections with 15 major railroads.

Inquire about an ideal site for *your* new plant in the rich Southeast—where industrial opportunity increases daily.

SEATRAIN
... for LOW COST,
RAIL-WATER DEPENDABILITY

SAVANNAH

NEW YORK	Lv.	SATURDAY
SAVANNAH	Ar.	MONDAY
SAVANNAH	Lv.	TUESDAY
NEW YORK	Ar.	FRIDAY

Shippers and receivers of carload freight save by specifying rail-water SEATRIN non-break bulk service. Rates are low, schedules are regular —dependable. Possibility of damage is at a minimum. If you'd like to save money on your carload freight shipping costs, write or call Seatrain or any Central of Georgia representative for information on sailings and rate schedules.

WESTERN UNION

A vital link

... In southeastern transportation

This all-diesel railway is growing in its importance as a transportation agency in the fast expanding Southeast. The Central of Georgia Railway owns and maintains modern and commodious waterfront facilities, including warehouses, at Savannah—one of the ports serving the Southeast and the nation.

Frequent in and outbound sailings of many of the larger steamship lines insure prompt handling of export and import freight. The comparatively short transit time between points in this country and foreign countries via Savannah is of great value to both exporters and importers.

THERE IS A CENTRAL OF GEORGIA OFFICE NEAR YOU

On the back page of this folder you will find that a Central of Georgia representative is as near as your telephone and we invite you to call him to help plan every phase of your routing and shipping operation.
