

Sound sleep is assured in an attractive Challenger Streamliner section (above) or room.

There are two modern, spacious sleeping cars on The Challenger Streamliner offering a choice of upper and lower berths, roomettes, single bedrooms, and bedrooms en suite for family groups.

Youngsters enjoy traveling by train because they have plenty of room in which to move around when becoming restless.

## Schedule

Ar. Chicago (C&NW)	7:45 a.m.	Tue.

(All times shown are Standard time)

**NORTH WESTERN  
UNION PACIFIC**

### PLANNING YOUR TRIP

The North Western and Union Pacific have travel offices located in many metropolitan cities from coast to coast. The purpose of these offices is not only to make reservations and sell tickets but to give you a complete travel service. Here are a few examples of the assistance they will gladly provide:

Figure out the saving in rail fare by using the Family Travel Plan when two or more persons in a family group start their trip by boarding a North Western-Union Pacific train on any Monday, Tuesday or Wednesday.

Help you to work out a complete itinerary for your planned trip.

Tell you about convenient stopover points, such as Salt Lake City, the Southern Utah - Arizona National Parks, and Las Vegas - Hoover Dam, on the way to or from Los Angeles.

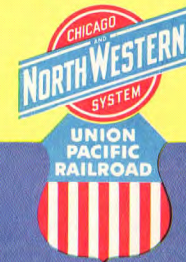

Advise you what to wear and pack . . . also inform you as to the handling of baggage.

Assist you in arranging advance coach, Pullman and hotel reservations and, if desired, see that a Hertz drive-yourself rental car is available for you at your destination.

You are cordially invited to phone or visit any North Western or Union Pacific office for travel information or assistance when planning a trip through the West. Consult your local telephone directory.

"The CHALLENGER"

Here's complete down-to-earth comfort in Challenger Streamliner Coach seats. Note the adjustable, reclining backs and the padded pull-out leg-rests for day and night travel.

Particularly pleasing to women are the spacious, immaculate washrooms. They like the smart appointments, large mirrors and restful chairs.

## "The CHALLENGER"

# Domeliner

daily between Chicago • Los Angeles

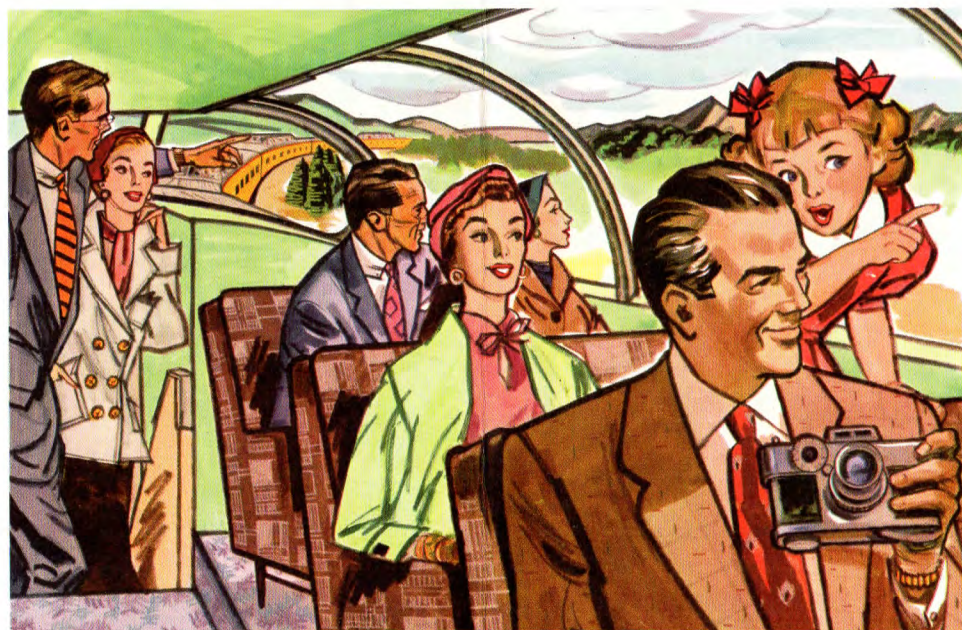

It isn't often you can get luxury, comfort and economy all wrapped in one package but that's exactly what "The Challenger" Domeliner gives you. Pictured below is the new Astra Dome Coach. Divan-type seats are placed at an angle to give all occupants an unobstructed view of the scenic panorama. Summer vacation travelers also will enjoy a strikingly beautiful Astra Dome Observation Lounge car.

The Challenger makes good time, too. From Chicago to Los Angeles you're on board only one night. On the eastbound journey, due to the later departure, you have two restful nights. And we believe you'll enjoy the trip so much

that you'll find it all too short. To quote from a letter received from a lady passenger traveling from Los Angeles, "I would like to have turned right around in Chicago and gone back on the same train."

You can take advantage of the Family Travel Fare plan by boarding The Challenger on any Monday, Tuesday or Wednesday. This plan offers you a big savings on rail fares with many extra advantages. You really can't afford to drive your own car.

On arrival at destination, the Hertz Rent-A-Car service can provide you with a new car for sightseeing and visiting at an attractive low rate.

Passengers enjoy this luxurious Club Lounge Car. It is equipped with radio, writing desk and magazines. Refreshments are available.

Both Coach and Pullman occupants can economize by patronizing the main Diner where Challenger low-cost meals are served. All Union Pacific meals are freshly prepared with top quality foods.
