SIGNAL SYSTEM TWO IN EFFECT:

Lathrop Interlocking and B.C. Jct. to M.P. 71.9.

RULE 261 IN EFFECT:

Between B.C. Jct. and M.P. 70.8.

Trains must secure numbered clearance cards before leaving originating stations, except westward C.G.W. trains at B.C. Jct. and eastward trains at St. Joseph U.S.; eastward trains secure at Terminal Yard.

At B.C. Jct. authorized speed within home signal limits 15 MPH.

Signals at B.C. Jct. and M.P. 70.8 are controlled from Terminal Yard. If signal indicates "Stop", train will not proceed until aspect changes or permission is obtained by telephone from Terminal Yard Operator except, at B.C. Jct. eastward trains, if unable to communicate may, after placing dual control switch on hand operation, proceed on authority held for movement beyond B.C. Jct. Switch must be restored to motor position after movement is completed.

Trains and engines authorized to pass "Stop" signal to enter block between B.C. Jct. and M.P. 70.8 must proceed at restricted speed throughout block. Before making movement at B.C. Jct. with signal in "Stop" position, switch must be inspected and flag protection must be provided against conflicting route.

Between St. Joseph U.S. and M.P. 70.8 there is no superiority of trains. Trains and engines within these limits must proceed prepared to stop short of train, obstruction, or switch not properly lined, but not exceeding 20 MPH. Between these points main track may be used not protecting against trains and engines.

Between St. Joseph U.S. and Monterey Street be governed by St. Joseph Union Depot Co. Time Table, Rules and Regulations.

No switch lights between Henrietta and B.C. Jct.

No. 43 is superior to No. 44.

Rules 16, S-89 (A) and 104(A) of the Rules, Operating Department, revised 1953, are amended as follows:

Rule 16: (e): Canceled, (l) and (m) amended to read:

- (l): ————When standing — apply or release air brakes.
- (m): ————When running — brakes sticking; look back for hand signals.

NOTE:—Hand or lamp signals must be given in addition to communicating signals (a), (c) and (l).

Rule S-89(A). Amended to read: At meeting point, the train holding main track must stop clear of the track to be used by the train to be met and, if practicable, be protected by lining the switch.

Rule 104(A). Amended to read: When a train is clear of main track, to be met or passed by another train, employe attending the switch will not go nearer the switch than the clearance point until the expected train has been met or has passed.

When a train is on the main track, to be met or passed by another train, employe attending the switch will, after lining and locking it, immediately return to the clearance point and remain back of that point until expected train clears the main track.

When necessary to go beyond the switch in flagging, the flagman must remain at least 150 feet away from the switch while approaching train is passing over it.

The conductor or engineman must have an oral understanding with the employe attending the switch as to the required handling under this rule.

Emploves using switches must observe whether switch points fit properly after switch is lined, and must grasp the lock chain and pull it to insure that the lock is securely fastened.

Emploves, in alighting from trains to change switches, must get off on opposite side of train from switch stand when to do so will not endanger their safety.

Crews of trains which are clear of main track must not give "proceed" signals to approaching trains.

1. Except as otherwise provided, Eastward Trains are superior to Westward Trains of the same class.

25. STATUTORY REGULATIONS.

IN ILLINOIS, it is lawful for the conductor to remove from the train, using no unnecessary force, any passenger who shall refuse, upon reasonable demand, to pay his lawful fare, or who shall upon the train or car use any abusive, vulgar, threatening, obscene or profane language thereon, or shall so conduct himself as to make his presence offensive or unsafe to passengers thereon; and when any passenger shall be guilty of disorderly conduct or use any obscene language to the annoyance and vexation of passengers, or play any game of cards or other games of chance for money or other valuable thing upon any railroad train, the conductor is authorized to stop his train at any place where such offense has been committed and eject such passenger from the train, using only the force which may be necessary to accomplish the removal, but before doing so shall tender to such passenger such proportion of the fare he has paid as the distance he then is from the place to which he has paid his fare bears to the whole distance for which he has paid his fare. Conductor may command the assistance of other employes of the railroad, or any of the passengers to assist in such removal.

IN MISSOURI, if any passenger shall refuse to pay his fare, or shall behave in an offensive manner, or be guilty of repeated violations of the rules of the company, it shall be lawful for the conductor of the train and the servants of the corporation, to put him and his baggage out of the cars, using no unnecessary force, at any usual stopping-place, or near any dwelling-house, as the conductor shall elect on stopping the train.
