General Index and Information

SOUTHERN PACIFIC rail lines, in addition to serving directly 4100 points in eight western and southern states (Oregon, California, Nevada, Utah, Arizona, New Mexico, Texas and Louisiana) as well as the West Coast of Mexico, offer transcontinental service between all points in the United States, Canada and Mexico and points in the above mentioned territory. (General index to schedules is given below. Station index, pages 2 and 3.)

Four through routes for transcontinental travel to and from California and the Pacific Coast are offered by Southern Pacific and its connections. The main stems of these great routes are:

SUNSET ROUTE—between New Orleans and San Francisco, via El Paso and Los Angeles (see pages 4 to 8).

GOLDEN STATE ROUTE—between Chicago and Los Angeles, via Kansas City and El Paso (see pages 9 to 11).

Suggestions to Aid in Reading This Time Table

Locate your destination in "Station Index," Pages 2 and 3. (Note that the destinations are located by Page Numbers, not Table Numbers). Time from 12.01 midnight to 12.00 noon is shown by **LIGHT** faced figures, and time from 12.01 noon to 12.00 midnight by **DARK** faced figures.

In time-tables where stations are in middle columns and time on both sides, read figures down on left, and up on right.

OVERLAND ROUTE, Lake Tahoe Line—between Chicago and San Francisco, via Omaha and Ogden (see pages 15 to 18).

SHASTA ROUTE—between Seattle and Portland and San Francisco for travelers to and from the North, or to and from the East over northern lines (see pages 19, 22, 23, 24).

Direct, fast through trains are operated on these main routes; also through Pullman cars without change to and from other points off the main routes, and convenient connections elsewhere.

Southern Pacific Steamship Line affords excellent service by sea between New York and New Orleans, connecting with Sunset Route trains there (see page 36).

Wherever located you will find our agents eager to help you with your trip. See list on pages 38, 39. Call personally, write, telephone or telegraph to nearest agent.

Accompanying time tables you will note statement of accommodations provided, sleeping cars, diners, etc., between various points and what transportation is honored on those trains.

All trains run daily, except when otherwise shown. Note carefully the various symbols, they indicate exceptions.

All schedules are subject to change without notice.

Route of Unique Interest

Sunset Route of the Southern Pacific crosses Louisiana, Texas, New Mexico, Arizona and California. It ferries the Mississippi, passes over arms of the Gulf of Mexico, flirts with the Rio Grande, affords glimpses here and there of old Mexico and skirts the shores of the Pacific Ocean.

At the ends of the route are the two most distinctive cities in the country, New Orleans and San Francisco. The road between is a trail of delight. It has romance and history; beauty and grandeur and the inspiration that comes from seeing men of our own day out in the open places building new empires.

Time from 12.01 midnight to 12.00 noon is shown by LIGHT faced figures, and time from 12.01 noon to 12.00 midnight by DARK faced figures.

LOCOMOTIVES WILL "TOOT" NEW WARNING AT CROSSINGS

The language of Southern Pacific locomotives blossomed out with a brand new "word" on April 1. "To-o-oot, toot, toot, to-o-oot" is the "word" and it will tell motorists and others using the highways that a train is approaching a grade crossing.

Hitherto locomotives approaching grade crossings have sounded two long and two short whistle blasts, but this is now changed, as above.

Rail and Steamship tickets to all parts of the world are sold by Southern Pacific Agents

SOUTHERN PACIFIC LINES

4 Great Scenic Routes

Southern Pacific's four great scenic routes are shown on this map. Truly a wide choice offered you only by Southern Pacific. Go one way, return another. And see the whole Pacific Coast.

On the Coast, too, Southern Pacific offers a choice of scenic routes:

Between San Francisco and Los Angeles—10 fine trains daily, including two famous trains by daylight: "Daylight" over Coast Line, running along ocean shore, and "San Joaquin" over San Joaquin Valley Line, serving Yosemite, General Grant, and Sequoia national parks.

Between California and Pacific Northwest—5 fine trains daily over new Cascade Line and the original Siskiyou Line of Shasta Route, including the new fast "Cascade" and the \$15.00 Coach Special, between San Francisco and Portland; and "West Coast" running direct from Los Angeles to Portland through San Joaquin Valley via Sacramento.
