SIGNAL SYSTEM TWO:

In effect La Junta to and including Pueblo Jet.

Between M.P. 554.3 and Signal Bridge carrying signals 5556 and 5556-A, La Junta, there is no superiority of trains. Trains and engines within these limits must proceed prepared to stop short of train, obstruction, or switch not properly lined but not exceeding 20 MPH; between these points main track may be used not protecting against regular and extra trains and engines.

Trains must get numbered clearance card before leaving La Junta and Pueblo U.D.

Trains originating Pueblo Yard must register and get numbered clearance card before leaving.

Trains or engines between Pueblo Jct. and Block 2 will be governed by manual block signals whose indications supersede time table superiority.

Track south of Pueblo U.D. tracks between Block 2 and D&RGW crossing, M.P. 619.0, is known as Loop Line.

Trains or engines while on The Pueblo Union Depot and Railroad Co. tracks, Pueblo, are governed by rules and regulations of The Pueblo Union Depot and Railroad Co. time table.

Time of trains at Sears and Casa applies at end of two tracks.

Trains must get numbered clearance card before leaving Dodge City and La Junta.

Between MP 352.1 and MP 353 Dodge City there is no superiority of trains. Trains and engines within these limits must proceed prepared to stop short of train, obstruction, or switch not properly lined but not exceeding 20 MPH; between these points main track may be used not protecting against regular and extra trains and engines.

Between M.P. 554.3 and Signal Bridge carrying signals 5556 and 5556-A, La Junta, there is no superiority of trains. Trains and engines within these limits must proceed prepared to stop short of train, obstruction or switch not properly lined, but not exceeding 20 MPH; between these points main track may be used not protecting against regular and extra trains and engines.

Trains or engines between Minnequa and Southern Jct. will be governed by the rules and regulations of The Colorado & Southern Railway Co. Southern Division Time Table.

Track No. 4 extending from office of communication Minnequa to crossover south end of Minnequa yard is known as Minnequa siding.

The Colorado & Southern Railway Co. markers will display green instead of yellow discs and will be considered the same indication as yellow.

Manual Block rules in effect between Pueblo Jct. and Minnequa.

Trains or engines will move on receipt of numbered clearance card. Trains not authorized by Time Table will display signals prescribed by Operating Rule 21.

Rule 315 and Rule 317 are modified to permit a freight train or an engine to enter the block while occupied by another freight train or an engine upon receipt of train order authorizing such move.

When an engine has cleared the block at an intermediate point, it must not again enter the block until permission is secured from Block Operator at Pueblo Jct. or Minnequa.

Track No. 9 P.S. & R. yard is used as siding. First class trains will register at Minnequa by Form 903.

Signal System Two:  
In effect Pueblo Jct. and Missouri Pacific Crossing

Friction Bearing.....	12	5	—

**3. SPEED REGULATIONS—(Cont'd.)**

**(F) Steam Wrecking Cranes, etc.**

Trains handling steam wrecking cranes, steam shovels, clam shells, ditchers, pile drivers, spreaders (except spreaders with wings folded and fastened), and similar machinery moving on their own running gear, must not exceed speed of thirty (30) miles per hour at any point on First and Pueblo Districts; twenty (20) miles per hour at any point on Second and Boise City Districts, and fifteen (15) miles per hour at any point on other districts.

**(G) Locomotives Handled Dead in Trains.**

Locomotives handled dead in trains with side rods in position are not to be run faster than twenty (20) miles per hour.

With side rods all removed and all drivers on rail fifteen (15) miles per hour.

With one pair of wheels "swung" or suspended off rail, ten (10) miles per hour.

Locomotives operating under their own steam with all side rods in place and one main rod removed, must not be operated to exceed following speeds:

20 MPH		25 MPH	35 MPH
All Freight and Switch Locomotives include types:		Passenger Locomotives	
		Mountain Type	All Locomotives Except Mountain Type Include
0-4-0	2-6-2	2-10-0	4-8-2
0-6-0	2-8-0	2-10-2	4-8-4
0-8-0	2-8-2	2-10-4	4-4-0
2-6-0	2-8-4		4-4-2
			4-6-0
			4-6-2
			4-6-4

**(H) Spring Switches, Turnouts and Crossovers.**

In heading in or out over the following spring switches, turnouts and crossovers, trains or engines must not exceed indicated speed. On all other main track turnouts and crossovers not listed herein on First and Pueblo Districts, trains or engines must not exceed speed of fifteen (15) miles per hour. On all other turnouts and crossovers, trains or engines must not exceed speed of ten (10) miles per hour.

MILE POSTS	NAME
PUEBLO DISTRICT	
.....	C Street Viaduct, Pueblo.
.....	Main Street Viaduct, Pueblo.
MINNEQUA DISTRICT	
120.44	Arkansas River.

## 5. SPECIAL RULES AND FACILITIES.

RULE S-83, as applied at the end of two tracks Sears and Casa is amended to read:

Train register at La Junta will be taken to indicate that trains shown thereon have arrived or left Casa, and, when opposing superior trains are met between La Junta and Casa, eastward trains will consult train dispatcher by telephone from Casa as to their identity.

Train register at Dodge City will be taken to indicate that trains shown thereon have arrived or left Sears. When opposing superior trains are met between Dodge City and Sears, westward trains will consult train dispatcher by telephone from Sears as to their identity.

## 6. RAILROAD CROSSINGS AND JUNCTIONS.

(A) NAME	TYPE	SPEED Miles per hour
NA. Tower.....	Standard..	
Pueblo Jct.....	Standard..	15
Mo. Pac. Crossing M.P. 120.1 Minnequa District.....	Automatic.	20

At Pueblo Jct. Following whistle signals indicate routes:

A.T.&S.F. trains to or from Union Depot	_____
A.T.&S.F. trains to or from Stone Depot	0 _____ 00
Trains to or from Stone Depot and Minnequa	_____ 0
Trains to or from Union Depot and Minnequa	_____ 00
Trains to or from Stone Depot and P.S.R. Yards	_____ 0
Trains to or from Union Depot and P.S.R. Yards	00000

M. P. 120.1 MINNEQUA DISTRICT—Mo. Pac. Crossing governing signals cleared by approaching train or engine or when switch properly lined for main track and opposing routes not occupied.

Westward trains or engines receiving stop signal on approaching plant must occupy clearing section to get proceed signal.

Eastward trains or engines receiving stop signal on approaching plant must operate push button located at switch east lead PS&R Yard.

Movements to stockyards will be made over main track PS&R Yard to connecting switch at east end of yard. Movement to Mo. Pac. main track will be governed by signal located at clearance point. If letter "S" is illuminated, switch may be lined for Mo. Pac. main track and movement will be governed by signal indication. If the letter "S" is not illuminated, it will be necessary to call Mo. Pac. Dispatcher for authority to operate switch.

Movement from stockyards to Mo. Pac. main track will be governed by Signal 8949-L located at clearance point. If letter "S" is illuminated, switch may be lined for Mo. Pac. main track and movement will be governed by signal indication. If the letter "S" is not illuminated, it will be necessary to call Mo. Pac. Dispatcher for authority to operate switch. Movements from Mo. Pac. main track to connection will be governed by lower signal on the Mo. Pac. Signal No. 8951. Lunar white will indicate switch is lined for PS&R Yard connection.

When train or engine is stopped by stop indication of a plant signal and no immediate conflicting movement is evident, a member of the crew must operate push button at release box marked "C & S or AT&SF" at the crossing. If signal does not change its indication at the expiration of four minutes time interval after push button has been operated and there is no train or engine on conflicting route and signal on conflicting route indicates stop, train or engine may then proceed on hand signal from member of crew located at the crossing.

## 6. RAILROAD CROSSINGS AND JUNCTIONS—(Cont'd).

When indicator lamp marked "MOP" is illuminated, it denotes that signals on the Mo. Pac., the conflicting route, display stop indication.

If train or engine is on conflicting route, hand proceed signal must not be given until such movement is stopped; and if signal on conflicting route does not indicate stop, flag protection must be provided on conflicting routes.

## (B) Railroad Junctions:

**LAS ANIMAS**—Home Signal located on Boise City District at Las Animas Junction, operated from depot, Las Animas, and in conjunction with automatic signals. This signal, displaying proceed indication, authorizes a westward Boise City District train to move from Las Animas Junction to the extreme east switch, Las Animas, regardless of First District trains, and will there clear main track. Before clearing this signal operator at Las Animas must obtain authority, by train order, from the dispatcher.

**PUEBLO**—A.T. & S.F., D. & R.G.W. and Mo. Pac. Junction, Main Street viaduct, south end Union Depot tracks. All trains entering and leaving Union Depot use same lead. Authority to use this lead governed by The Pueblo Union Depot and Railroad Co. rules and regulations.

## (C) Railroad Crossings at Grade:

**PUEBLO**—Mo. Pac. crossing M.P. 618.2 is protected by gate set normally against Mo. Pac. trains. Position of gate is indicated by lights at night. When gate is set normally trains or engines may proceed not exceeding a speed of fifteen (15) miles per hour over crossing.

**SCOTT CITY**—Mo. Pac. Crossing M.P. 120.1 electrically locked signals and derails set normally against A.T. & S.F. track, operated by train crew. Be governed by instructions posted in box at crossing.

## 7. SIDING, SPURS AND FLAG STOPS NOT SHOWN ON SCHEDULE PAGE OF TIME TABLE.

Location	Mile Post Location	Car Capacity	Switch Connection	Flag Stops for Trains

## 11. STATUTORY REGULATIONS.

In Kansas, it is lawful for the Conductor to eject from the train any passenger who refuses upon demand to produce a proper ticket or other transportation, or pay fare to his destination, and he may be expelled at any point on the line of the road at which there is a station where the person ejected may at least get lodging.

The Kansas statutes prohibit gambling and the practice of any confidence games.

Drunken or disorderly persons may lawfully be expelled from the train at any place, provided the place is not such as to cause want or injury; this may be done whether fare has been paid or not.

In Oklahoma a passenger who refuses to pay his fare, or to conform to any lawful regulation of the carrier, may be ejected from the vehicle by the carrier. But this must be done with as little violence as possible, and at any usual stopping place, or near some dwelling house. After having ejected a passenger, a carrier has no right to require the payment of any part of his fare.

In Colorado, a railroad company has a right to eject from its train any passenger who refuses upon demand to produce a proper ticket or other transportation, or pay his fare to his destination, and he may be expelled at any station where suitable accommodation can be procured for his safety and comfort.

Drunken or disorderly persons, or others whose conduct or appearance is such as is calculated to operate as a serious annoyance to other passengers, or is disgusting, or a passenger who is guilty of gross misconduct, either by insulting or assaulting other passengers or train employes, who uses vile or profane language in the car, or who threatens to assault other passengers or train employes, may lawfully be expelled from the train at any station where suitable accommodation can be procured for his safety and comfort; this may be done upon a tender of refund of the unearned portion of the fare.
