

MAY 21 RECD

Greenville, Texas, May 28, 1937.

M-I-168

Mr. W. L. Hancock - Shreveport

Your letter of May 24th, file 500.223.

We did not issue a time table No. 13 because of the physiological affect it would have on superstitious persons, this number was skipped and 14 was the next time table issued after time table No. 12. Our records indicated that you were mailed 4 copies of our time table No. 14, however, we located 1 copy of this table and it is enclosed herewith to complete your file.

Time table No. 15 was printed but was never put into effect, it was to have been effective September 20th, 1936, but on account of strike of train and enginemen it did not go into effect and time table No. 16 was the next effective time table after No. 14.

Yours truly,
