SYSTEM MAP MOTOR TRANSIT STAGES AND CONNECTIONS

Your Vacation Land

Far up among the wooded ranges of the San Bernardino Mountains lies the "Rim of the World" playground of Southern California—a land of sparkling lakes, spring-fed streams, pine scented trails and majestic peaks—a land luring the vacationist to his favorite diversion, whether it be fishing, hiking or boating, horseback riding or swimming, golf or tennis—the land of Lake Arrowhead, Big Bear, Pinecrest, Twin Peaks, Blue Jay, Fawnskin, Moon Camp, Seven Oaks, Pan Hot Springs. The Two Day "Rim of the World Tour" carries one thru all these beautiful mountain and lake resorts.

To the south of the San Bernardino Mountains lies the San Jacinto Range—"The Yosemite of the Southland" a region rich in Indian lore. At a mile elevation the vaca-

tionist will find many beautiful and picturesque resorts, including Idyllwild, Tahquitz Lodge, Fern Valley, Idyllwild Country Club, Pine Cove and Wildwood.

In these mountain wonderlands a day's outing or a long vacation will yield vast enjoyment and relaxation. Accommodations for over-night trips or for longer periods range from tents and housekeeping cabins to luxurious lodges. Stores and markets furnish all necessities.

The Motor Transit Company provides year round service. See the index to this folder for the schedules and fares to the points named above. Stages connect at San Bernardino for all points in the San Bernardino Mountains and at Hemet for all points in the San Jacinto Mountains.

MOTOR COACHES FOR CHARTER

Special Charter Rates quoted for parties of 10 or more for exclusive use of Motor Transit Coaches to all parts of California. Sightseeing and business itineraries arranged. Phone or write, Traffic Manager, Motor Transit Co., Los Angeles. Phone METropolitan 3850.

GENERAL INFORMATION

The Time Tables and Fares contained in this folder are corrected to March 10, 1928. As all the tables contained herein are subject to change without notice—therefore, to be absolutely sure the tables you wish to use are correct, it is advisable to verify it with the nearest Motor Transit Depot or station agent. (See depot list on last page.)

STANDARD REFERENCE MARKS: All schedules are daily unless otherwise noted.

* Daily except Sundays.

† Daily except Sundays and the following holidays: New Years, Easter, Memorial Day, Fourth of July, Labor Day, Thanksgiving and Christmas.

Ltd. Indicates through fast service.

A. M. is indicated by light figures.

P. M. is indicated by dark figures.

o Denotes that the station is on the route indicated (see Station Index) but is not shown in the time schedules.

Where other signs are used their meaning is explained in the footnotes to each table.

STATION INDEX: The fares given below are from Los Angeles. As they are based upon joint through tariffs the fares between local, intermediate stations cannot be accurately calculated. o denotes that the station is on the route indicated, but is not shown in the time table.

ROADSIDE STOPS: Passengers boarding the stages from the roadside are requested to signal the operator with hand by day and to use match by night.

Passengers are also requested to purchase their

tickets at the depots whenever possible. This saves roadside delays.

REGULATIONS: The Motor Transit Co. operates under the jurisdiction of the California State Railroad Commission and the Public Utilities Commission and is strictly governed by these boards for your convenience, safety and protection.

BAGGAGE: Passengers paying one-way fares of less than \$3.00 are entitled to the free carriage of personal baggage up to 30 pounds weight. Where the one-way fare is \$3.00 or more passengers will be permitted the free carriage of one piece of baggage up to 150 pounds weight. Trunks must be of convenient size and shape for handling, and will be handled in accordance with the space available at the time. The regular express rates of the company will be charged for excess baggage.

For baggage regulations of inter-connecting lines see the footnotes to their respective time-tables.

RESERVATIONS should be made and tickets purchased for long distance trips at least one hour before time of departure. The company reserves the right of seating passengers and to refuse transportation to objectionable persons.

Why

Motor Transit Stages Provide Good Service

There are many interesting reasons why the Motor Transit Stages provide such excellent service for both passengers and parcels between the hundreds of cities and communities in Southern California served by this great highway transportation system.

The Motor Transit Stages system serves the important counties of Los Angeles, Orange, Riverside and San Bernardino over scenic highway routes totaling more than 1300 miles.

A total of 150 passenger motor coaches are required to handle the 2,892,444 people transported on Motor Transit Stages during one year and a fleet of 20 motor freight trucks furnish the resorts and communities of the San Bernardino and San Jacinto mountains with their daily supplies and necessities, all of which are owned and operated exclusively by the Motor Transit Company.

These 170 motor coaches and freight trucks travel more than 5,114,000 miles during the period of twelve months and consume the enormous quantity of 899,484 gallons of gasoline and 84,000 quarts of oil during the same time.

Of the 332 employees of the Motor Transit Company, 150 are thoroughly trained and experienced motor stage operators who cheerfully give you efficient and courteous service at all times.

The central offices, garage, shops and body building plant of the Motor Transit Co. occupy more than 4 acres of floor space where the company assembles and builds its own coaches complete. Every coach in service is kept to the very maximum of efficiency at all times.

The company owns the 12 most important motor stage depots in the important points in its system including the mammoth Union Stage Depot at 5th and Los Angeles Streets, Los Angeles, through the portals of which more than 3,600,000 people pass during the year.
