Westward trains will use No. 1 Track, Rio Grande Division, Mescal to Tucson, and eastward trains will use No. 2 Track, Tucson Division, Tucson to Mescal, under double track rules.

All trains will move with caution between west yard limit and east switch Fairbank.

Trains to and from Benson-Fairbank Branch may move under block signal indication between east switch Fairbank and Benson Jct. after receiving authority from train dispatcher to occupy main track. Eastward trains on Benson-Fairbank Branch must not pass block signal 10464 on branch or foul main track until authorized by train dispatcher. Normal indication of signal 10464 will be Stop, except when main track switch Benson Jct. is lined for Benson-Fairbank Branch, signal will then indicate Proceed if block is clear. Benson-Fairbank Branch trains must avoid delaying main line trains and must not pass block signal 10464, or signal 10477, if in other than Proceed position, except as provided by Rule 99.

Trains except first class, must move with caution between Douglas and west switch Calumet.

RULE 5. Schedule time and train-order time for westward trains at Mescal apply at west end of westward crossover, and for eastward trains apply at east end eastward crossover.

RULE 86. Second- and third-class trains, extra trains and engines must be clear of main track and insulated joints for Nos. 3 and 4 not less than ten minutes before the arriving, or leaving, or train-order time at that station.

No. 2 Track

RULE 5. Schedule time and train-order time at Anapra apply as follows: For westward trains at west switch of east crossover; for eastward trains on Deming Subdivision at east switch of west crossover; and for eastward trains on Hachita Subdivision at east switch of east crossover.

RULE 93. First-class trains enter and leave El Paso Union Depot on yard tracks within interlocking limits of Tower 6. Employees are subject to Rules and Regulations of El Paso Union Depot Co. within limits of that company.

Eastward trains must not pass Signal 12898 in stop position, and westward trains must not pass Signal 12901 in stop position, unless authorized orally by train-order operator at Anapra. Proceed, or proceed on diverging route indication in either of these signals will supersede the superiority of trains between east and west crossovers at Anapra.

No. 2 Track

RULE 5. Schedule time and train-order time at Anapra apply as follows: For westward trains at west switch of east crossover; for eastward trains on Deming Subdivision at east switch of west crossover, and for eastward trains on Hachita Subdivision at east switch of east crossover.

Eastward trains must not pass Signal 12898 in stop position, and westward trains must not pass Signal 12901 in stop position, unless authorized orally by train-order operator at Anapra. Proceed, or proceed on diverging route indication in either of these signals will supersede the superiority of trains between east and west crossovers at Anapra.

RULES 5 and 105. That portion of siding at Alamogordo between crossovers east and west of station building is designated as Passenger siding, and must not be unnecessarily blocked by freight trains. Schedule time and train-order time for first-class trains apply at Passenger siding.

RULE 86. Except where Rule D-251 applies, second- and third-class trains, extra trains and engines must be clear of main track and insulated joints for Nos. 3 and 4 not less than ten minutes before the arriving, or leaving, or train-order time at that station.

RULE 93. First-class trains enter and leave El Paso Union Depot on yard tracks within interlocking limits of Tower 6. Employees are subject to Rules and Regulations of El Paso Union Depot Co. within limits of that company.

SPECIAL INSTRUCTIONS—HACHITA SUBDIVISION

NOTE: All flag stops are designated by "c" in the schedule column, and are for traffic as shown below:

NOTE: All flag stops are designated by "c" in the schedule column, and are for traffic as shown below:

NOTE: All flag stops are designated by "c" in the schedule column, and are for traffic as shown below:

SPECIAL INSTRUCTIONS—ALL SUBDIVISIONS

RULE 5. Schedule times shown in small type indicate special instructions in the timetable govern movement.

RULE S-72. Westward trains are superior to trains of the same class in the opposite direction.

RULE 105. Sidings designated "E" in Capacity of Sidings column are assigned for use by eastward trains. Those designated "W" are assigned for use by westward trains. Those designated "N" or "S" are assigned for use by trains as shown in special instructions for the subdivision on which located.

Capacity of Sidings column indicates the number of cars of average length of 49 feet that siding will hold between fouling points, in addition to one steam engine and caboose.

SPECIAL INSTRUCTIONS—MESCAL SUBDIVISION

RULE 83 (A). At the following stations only the trains indicated will register:

Fairbank. Trains originating and terminating.

RULE 83 (B). At open train-order offices, trains may register by ticket as follows:

Mescal. All trains.

Bisbee Jct. All trains.

Douglas, Nos. 3 and 4.

Tucson. Engineers of light engines from east will leave register ticket with engine dispatcher for delivery to operator for registration.

RULE 105. Following tracks are designated for use as sidings:

Lewis Springs. Siding located east of station building on north side of main track.

Hereford. Siding located opposite station building on north side of main track, extending eastward from turnout east of stock pen.

Naco. Siding located opposite station building on north side of main track. Switch leading to Edison water spur from siding near west end must be left lined for movement into water spur.

RULE 221. Light will not be displayed in train-order signal at Curtiss, except when train-order operator is on duty.

SPECIAL INSTRUCTIONS—HACHITA SUBDIVISION

RULE 82 (A). Eastward regular trains and sections of schedules from Hachita Subdivision may assume similar schedules or sections of schedules on Deming Subdivision at Anapra without clearance, provided train is properly cleared by train-order signal.

Eastward extra trains from Hachita Subdivision may leave Anapra without clearance, provided train is properly cleared by train-order signal.

RULE 83 (B). At open train-order offices, trains may register by ticket as follows:

Douglas, Nos. 3 and 4.

Anapra, All trains.

RULE 95. Sections of schedules may be arranged from El Paso (Union Depot) or Tower 6 by telegram from chief train dispatcher, to Anapra, or to El Paso (Cotton Ave.), where train-order authority will be placed.

Form F train orders reading to Anapra from Hachita Subdivision will apply to El Paso (Union Depot), or El Paso (Cotton Ave.) on Deming Subdivision.

RULE 105. Following tracks are designated for use as sidings:

Hachita: Siding is on south side of main track. East switch located 1470 feet east of station building, west switch 200 feet west of west wye switch.

RULE 204. Trains of Deming and Hachita Subdivisions with the same conductor and engineer, operating through Anapra, may be issued train orders on one subdivision that affect their movement on the other, or both subdivisions.

SPECIAL INSTRUCTIONS—DEMING SUBDIVISION

RULE D-71. Trains may move between Anapra and El Paso (Cotton Ave.) with current of traffic irrespective of time-table superiority, but must avoid delaying passenger trains.

Trains and engines moving via Icehouse Crossover to Tower 6 on T&NO track must run with caution, expecting to find track occupied.

Semi-automatic signal on No. 2 track west of Icehouse Crossover will display caution indication when switch to crossover from No. 2 track to T&NO track is lined and Signal 8314 at east end of crossover displays stop indication.

Main tracks between Tower 47 and Tower 6 will be used jointly by Deming and Alamogordo Subdivision trains and T&NO trains, and movement between these points must be made with caution, expecting to find main track occupied.

RULE 82 (A). Crews ordered for regular trains and sections of schedules at El Paso (Union Depot) may assume those schedules without clearance and proceed to Anapra, or to El Paso (Cotton Ave.) where they must receive train orders and check of trains when necessary, and clearance which must bear dispatcher's O.K.

Eastward regular trains and sections of schedules from Hachita Subdivision may assume similar schedules or sections of schedules on Deming Subdivision at Anapra without clearance, provided train is properly cleared by train-order signal.

Eastward extra trains from Hachita Subdivision may leave Anapra without clearance, provided train is properly cleared by train-order signal.

RULE 83 (B). At open train-order offices, trains may register by ticket as follows:

Anapra, All trains;

Trains leaving El Paso (Union Depot) show time of departure on ticket left at Anapra.

RULE 95. Sections of schedules may be arranged from El Paso (Union Depot) or Tower 6 by telegram from chief train dispatcher, to Anapra, where train-order authority will be placed.

Form F train orders reading to Anapra from Hachita Subdivision will apply to El Paso (Union Depot), or El Paso (Cotton Ave.) on Deming Subdivision.

RULE D-97 (A). Applies between Anapra and Tower 47.

RULE 105. Following tracks are designated for use as sidings. Strauss Siding is first track south of main track.

RULE D-151. Tracks between Anapra and Tower 47 will be numbered and unless otherwise authorized will be used as double track:

- No. 1 Track for westward trains;
- No. 2 Track for eastward trains.

RULE 204. Trains of Deming and Hachita Subdivisions with the same conductor and engineer, operating through Anapra, may be issued train orders on one subdivision that affect their movement on the other, or both subdivisions.

RULE 221. Clifton is train-order office 7:00 AM to 4:00 PM daily except Saturday, Sunday and Holidays.

Between 4:00 PM and 7:00 AM daily, and on Saturday, Sunday and Holidays trains originating may leave Clifton without a clearance.

Light will not be displayed in train-order signal at Duncan except when train-order operator is on duty.

RULE D-251. Will apply as follows:

On No. 2 Track, Anapra to El Paso (Cotton Ave.).

On No. 1 Track, El Paso (Cotton Ave.) to Anapra.

SPECIAL INSTRUCTIONS—ALAMOGORDO SUBDIVISION

RULE D-71. Trains may move between Anapra and El Paso (Cotton Ave.) with current of traffic irrespective of timetable superiority, but must avoid delaying passenger trains.

Main tracks between Tower 47 and Tower 6 will be used jointly by Deming and Alamogordo Subdivision trains and T&NO trains, and movement between these points must be made with caution, expecting to find main track occupied.

RULE 82 (A). Crews ordered for regular trains and sections of schedules at El Paso (Union Depot) may assume those schedules without clearance and proceed to El Paso (Cotton Ave.) where they must receive train orders and check of trains when necessary, and clearance which must bear dispatcher's O.K.

RULE 83. If a positive observation check is made by eastward trains between El Paso (Union Depot) and Tower 47, check will apply at end of double track.

RULE 83 (B). At open train-order offices, trains may register by ticket as follows:

Carrizozo, Nos. 3 and 4.

El Paso (Cotton Ave.), trains originating or terminating at El Paso (Union Depot).

Trains leaving El Paso (Union Depot) show time of departure on ticket left at El Paso (Cotton Ave.).

RULE 95. Sections of schedules may be arranged from El Paso (Union Depot) or Tower 6 by telegram from chief train dispatcher, to El Paso (Cotton Ave.), where train-order authority will be placed.

RULE D-97 (A). Applies between Anapra and Tower 47.

RULE D-251. Will apply as follows:

On No. 2 Track Anapra to El Paso (Cotton Ave.).

On No. 1 Track El Paso (Cotton Ave.) to Anapra.

SPECIAL INSTRUCTIONS—SANTA ROSA SUBDIVISION

RULE 83 (B). At open train-order offices, trains may register by ticket as follows:

Carrizozo, Nos. 3 and 4.

Trains arriving Dawson deliver register ticket with waybills to engine foreman, when on duty, for delivery to operator.

RULE 91. Westward trains between Cabeza and Campana must keep not less than fifteen minutes apart.

RULE 105. Following tracks are designated for use as sidings:

Vaughn. First track north of main track is westward siding. Second track north of main track is eastward siding.

Santa Rosa. First track north of main track is westward siding. Second track north of main track is eastward siding and connects

with westward siding at both ends. West switch of eastward siding must be left lined for westward siding, and east switch of eastward siding must be left lined for eastward siding.

RULE 221. Dawson is train-order office 8:00 AM to 5:00 PM daily except Saturday, Sunday and Holidays.

Between 5:00 PM and 8:00 AM daily, and on Sunday and Holidays trains originating may leave Dawson without a clearance, and on Saturday must obtain clearance unless otherwise instructed by train order.

Light will not be displayed in train-order signal at following stations, except when train-order operator is on duty:

Mosquero, Roy.
