Switch 'Em Softly!

Your crew can make a real contribution toward the elimination of damaged freight.

Use a little extra care. Switch cars carefully — easy does it.

Southern Pacific Industrial Numbering System

Don't play guessing games with the engineer!

For Safety Sake--

1. Give clear hand signals.
2. Locate yourself so signal can be plainly seen and understood.
3. Allow sufficient room so engineer can act on signal.
4. Avoid so-called wash out (emergency) signal unless necessary to avoid accident or injury.
