The information given in this book is corrected to the date of issue under the direct authority of the heads of departments.

Each employe is requested to carefully examine that portion of each issue, concerning which he has personal knowledge, and to give notice to the Controller of any error, however trivial, that may be found.

This book is not for use of the public, but is compiled for general information only of Company employes. Its contents must not be used as official authority in any manner in connection with the computation of freight or other charges. Official tariff publications are to be used for that purpose.
