OUR PATRONS.
Our excursions are select; nothing objectionable will be allowed. In order to secure good locations in our cars those intending to accompany our parties should notify us at least five days before departure of excursion, stating when and where they wish to join us, how many, etc., so that space can be reserved and that our manager can be on the lookout for them.

Another important point, the names and the number of the adults and the number of children, giving ages also say whether man and wife—and if single, whether male or female—and particular, STATE PLAINLY YOUR OBJECTIVE. This will enable the agent to arrange to book you for a certain date, and will give him an idea as to whether he will have space in the car to accommodate the party. These excursions have become, as above noted, so popular, and the journey is made so quickly—being an fast express train—that hundreds are taking advantage of the money saved thereby.

Seats in Our Pullman Tourist Cars are Upholstered.
Our Managers are Good Informants Regarding Scenes en Route.
