4000-11-14-1909 COURIER-JOURNAL JOB PRINT, LOUISVILLE

To the Shipping Public:

Recognizing the importance of quick transportation of shipments, and the appreciation of the shipping public of such facilities, we have perfected an arrangement by which a TIME RECORD is made of all carload shipments between Cincinnati, Louisville, Evansville, St. Louis, and Birmingham, Montgomery, Mobile, New Orleans, Pensacola and River Junction, including carload freights to and from connections at those points. This record is made entirely BY WIRE, in the office of the Superintendent of Transportation, at Louisville, thus keeping the movement of the cars directly under the supervision of the Superintendent of Transportation, and enabling him to detect any delay at once. Within an hour after a car has reached its destination, or terminal point, the record is complete.

The same telegraphic record is kept of carload shipments moving from Cincinnati and Louisville, to Knoxville and Atlanta.

We feel that shippers will appreciate the advantage of this system, and we hope to be able to continue to merit the patronage of the shipping public. IF YOU WANT QUICK TIME AND GOOD SERVICE ROUTE "VIA L. & N. R. R."

D. M. GOODWYN,

General Freight Agent.

DAILY THROUGH CARS FOR LESS THAN CARLOAD SHIPMENTS TO ALL PRINCIPAL POINTS.

BETWEEN CINCINNATI, LOUISVILLE, NEW ORLEANS AND RIVER JUNCTION.
