

The RAILROAD HOUR

For 45 minutes every Monday night, over the 260 stations of the American Broadcasting Company's national network, the American Railroads will present for your enjoyment, one after another of the world's great musical comedies and operettas . . . the top-rated successes whose names have been spelled-out in the blazing lights on both sides of Broadway. There will be a different hit show every week—each one complete with words and music—with a succession of famed headliners of the stage, screen and radio taking the leading roles.

Entertainment for all. For every member of the family—the humming, strumming, dancing tunes of the recent musical shows. For Mother and Dad—happy reminders of the shows they saw "only yesterday". And also, occasionally, one of the great and everlasting triumphs that go 'way back before then.
