- Carries no coaches. Pullman passengers only.

SAVE THE FORESTS

The State's 15,000,000 acres of forests furnish varied employment for many thousands of her people. They protect water powers of great and increasing value and form the Playground for the Nation.

DON'T START FOREST FIRES

DON'T drop lighted matches, cigars, cigarettes or live pipe ashes where they may set fire to inflammable material.

DON'T throw burning cigars or cigarettes out of the car window.

DON'T kindle a camp fire in dangerous places, near logs, rotten wood, leaves, nor at a distance from water.

DON'T leave your camp fire until you are sure it is out.

If you find a fire, put it out if possible. If you cannot do this, spread the alarm by notifying the nearest fire warden. Also wire the Forest Commissioner at Augusta, Maine.

PREVENTION OF FOREST FIRES IS TO EVERYBODY'S ADVANTAGE

WON'T YOU HELP ?
