## SPECIAL INSTRUCTIONS

Employees whose duties are prescribed by Rules and Regulations of the Transportation Department, effective Feb. 1st, 1914, must each obtain a book containing these Rules and Regulations.

All overhead truss bridges between Fort Bragg and Irmulco have impaired side clearances. Those between Fort Bragg and mile 10.78 have impaired overhead clearance. Trainmen shall not ride on top of box cars or loaded flat cars, or on the sides of moving cars, passing over these structures.

Steam trains will come to full stop at Redwood Highway crossing, Willits, and station a flagman each side of train on highway before crossing over.

Motor passenger trains will not exceed 5 miles per hour over Redwood Highway crossing, Willits.

Main Street crossing Willits is flag stop for all passenger trains.

Eastward and Southward trains are superior to trains of the same class in the opposite direction, (See Rule 72.)

Service on Ten Mile Railroad will be handled by extras.

Steam Trains must not exceed 12 miles per hour around curves between mile 28.50 and 34.50.

Steam Trains must not exceed 12 miles per hour descending grade East of Summit.

Employees using siding must look out for derails and know that they are in proper position before and after using.

Two Engines must not be coupled together between Fort Bragg and Irmulco. Helper engine must be cut back in trains between these points.

For government and information of employees only.  
The Company reserves the right to vary from this time table when necessary.
